V.2.5. Information about subcontracting

Section VI: Complementary information

VI.3. Additional information

Please note the reference numbers against the suppliers names Do Not Reflect the Suppliers Ranking. The principal contracting authority (i.e. the Council of the Borough of Kirklees) is the only contracting authority that will enter into any framework agreement with the successful economic operators. The other contracting authorities listed in Section I.1 of this notice above shall be permitted to use the framework agreement to call-off contracts in relation to the lot relevant to each individual contracting authority. In addition, the framework agreement may be used by any of the other "Local Authorities" (as defined under the Local Government Act 1972 (SI 1972/070)) within the Yorkshire and Humber Region. Please note the values stipulated in Section II.1.7 of this notice above covers the potential spend of all the participating contracting authorities, throughout the duration of the framework agreement. Notwithstanding the range of values stipulated in Section II.1.7, however, for the avoidance of doubt please note that:

- 1) The estimates given in Section II.1.7 of this notice are strictly estimated values only;
- 2) Furthermore, please note that estimates given in Section II.1.7 of this notice are based on third party estimates of anticipated future workloads during the framework period as at the date of this notice, and the principal contracting authority gives no warranty as to the accuracy to said data;
- 3) The anticipated usage of this framework agreement is unknown at present. Tenderers should note that it is not possible to establish an exact future workload and it is therefore not possible to guarantee that all or any of the successful economic operators with whom the principal contracting authority enters into the framework agreement will in fact be called upon to execute services on behalf of the principal contracting authority or any of the other contracting authorities. Unless otherwise specifically stated elsewhere in the tender documents, there is no minimum or maximum value/quantity of services that may be ordered on any one occasion;
- 4) No contracting authority is bound to enter into any order or other contract following discussions or other representations and no contracting authority shall incur any liability in respect of any failure to enter into any service contract or in connection with the total volume, type of services or value of services anticipated by any of the economic operators or which any economic operator is asked to carry out.

VI.4. Procedures for review

VI.4.1. Review body

Official name: High Court of England and Wales

Town: N/A

Country: United Kingdom

VI.4.3. Review procedure

Precise information on deadline(s) for review procedures:

In accordance with Regulation 86 (Notices of decisions to award a contract or conclude a framework agreement), Regulation 87 (Standstill periods) and Chapter 6 (Applications to Court) of the Public Contract Regulations 2015 (SI 2015/102), the principal contracting authority has incorporated a minimum ten (10) calendar day standstill period at the point that information on the conclusion of the framework agreement was communicated to economic operators. This period allowed any unsuccessful economic operator(s) to seek further debriefing from the contracting authority before the award (or non-award) of the framework

agreement. Such additional information should have been (and can still be) requested from the address at Sections I.1. of this notice above. If an appeal regarding the award (or non-award) of the framework agreement has not been successfully resolved, then the Regulations provide for aggrieved parties who have been harmed or are at risk of harm by a breach of the rules to take action in the High Court (England, Wales and Northern Ireland). Any such action must be started within thirty (30) days beginning with the date when the aggrieved party first knew or sought to have grounds for starting the proceedings had arisen. The Court may extend the time limited for starting proceedings where the Court considers that there is a good reason for doing so, but not so as to permit proceedings to be started more than three (3) months after that date. Where the framework agreement has not been awarded, the Court may order the setting aside of the award decision or order the contracting authority to amend any document and may award damages. If, however, the framework agreement has been awarded, the Court may only award damages or, where the contract award procedures have not been followed correctly, declare the framework agreement to be ineffective.
