Other activity: Waste management

Section II: Object

II.1. Scope of the procurement

II.1.1. Title

Framework Agreement, Automated Vacuum Waste Collection System

Reference number: Lilla kontrakt

II.1.2. Main CPV code

90500000 Refuse and waste related services

II.1.3.

Type of contract

Works

II.1.4. Short description

BIR Nett wants to enter into a framework agreement for the development and delivery of an automated vacuum waste collection system for BIR's owner municipalities. The automated vacuum waste collection system [Bossnett] is defined as new pipe-based waste collection systems with high reliability and accessibility.

The contracting authority intends to enter into a framework agreement with 2-4 to tenderers. Assignments that may be included in the framework agreement are innovation and development of systems, engineering design service for systems, delivery/installation of the systems as well as periodic service and maintenance thereof. Whether the tenderer shall also operate the automated vacuum waste collection system's networks included in the framework agreement shall be stated in the individual mini competitions, based on BIR Net's needs.

II.1.5. Estimated total value

II.1.6. Information about lots

This contract is divided into lots: no

II.2. Description

II.2.2. Additional CPV code(s)

32400000 Networks, 42000000 Industrial machinery, 45000000 Construction work, 45200000 Works for complete or part construction and civil engineering work, 45300000 Building installation work, 45350000 Mechanical installations, 48000000 Software package and information systems, 48600000 Database and operating software package, 48780000 System, storage and content management software package, 48800000 Information systems and servers, 50000000 Repair and maintenance services, 51000000 Installation services (except software), 60300000 Pipeline transport services, 71300000 Engineering services, 71500000 Construction-related services, 71700000 Monitoring and control services, 72000000 IT services: consulting, software development, Internet and support, 90000000 Sewage, refuse, cleaning and environmental services

II.2.4. Description of the procurement

BIR Nett wants to enter into a framework agreement for the development and delivery of an automated vacuum waste collection system for BIR's owner municipalities. The automated vacuum waste collection system [Bossnett] is defined as new pipe-based waste collection systems with high reliability and accessibility.

The contracting authority intends to enter into a framework agreement with 2 -4 to tenderers. Assignments that may be included in the framework agreement are innovation and development of systems, engineering design service for systems, delivery/installation of the systems as well as periodic service and maintenance thereof. Whether the tenderer shall also operate the automated vacuum waste collection system's networks included in the framework agreement shall be stated in the individual mini competitions, based on BIR Net's needs.

II.2.5.

Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6. Estimated value

II.2.7. Duration of the contract, framework agreement or dynamic purchasing system

End: 31/12/2025

This contract is subject to renewal: yes

Description of renewals:

Exclusive option for BIR Nett to activate the option for 2 + 2 years. The maximum contract period is until the end of 2029.

II.2.10. Information about variants

Variants will be accepted: no

II.2.11. Information about options

Options: no

II.2.13. Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds:
no

II.2.14. Additional information

Section III: Legal, economic, financial and technical information

III.1. Conditions for participation

III.1.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions:

The tenderers must have their tax and VAT payments in order.

The tenderer must be a legally established company.

III.1.2. Economic and financial standing

List and brief description of selection criteria:

Tenderers must have sufficient economic and financial capacity to execute the assignments included in the framework agreement. Creditworthiness with no requirement for guarantees will be sufficient to meet the requirement.

III.1.3. Technical and professional ability

List and brief description of selection criteria:

Tenderers must have very good experience from comparable assignments. Comparable assignments are in this context defined as engineering design, delivery and installation as well as operation of the stationary automated vacuum waste collection systems for collecting minimum 2 types of waste. The deliveries must be in operation in order to be included in the assessment.

The tenderer must have an adequate quality assurance system for the services that are provided.

The tenderer must have an adequate environmental management system for the services that are provided.

Section IV: Procedure

IV.1. Description

IV.1.1. Type of procedure

Competitive procedure with negotiation

IV.1.3. Information about a framework agreement or a dynamic purchasing system

The procurement involves the establishment of a framework agreement

Framework agreement with several operators
Envisaged maximum number of participants to the framework agreement: 4

IV.1.4. Information about reduction of the number of solutions or tenders during negotiation or dialogue

Recourse to staged procedure to gradually reduce the number of solutions to be discussed or tenders to be negotiated

IV.1.5. Information about negotiation

The contracting authority reserves the right to award the contract on the basis of the initial tenders without conducting negotiations

IV.1.8. Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: yes

IV.2. Administrative information

IV.2.1. Previous publication concerning this procedure

Notice number in the OJ S: [2019/S 061-142773](#)

IV.2.2. Time limit for receipt of tenders or requests to participate

Date: 05/12/2019 Local time: 12:00

IV.2.3. Estimated date of dispatch of invitations to tender or to participate to selected candidates

Date: 16/12/2019

IV.2.4. Languages in which tenders or requests to participate may be submitted

Danish, English, Norwegian, Swedish

IV.2.6. Minimum time frame during which the tenderer must maintain the tender

Tender must be valid until: 30/06/2020

Section VI: Complementary information

VI.1. Information about recurrence

This is a recurrent procurement: no

VI.3. Additional information

VI.4. Procedures for review

VI.4.1. Review body

Official name: BIR Nett AS

Postal address: Postboks 6004

Town: Bergen

Postal code: 5892

Country: Norway

VI.5. Date of dispatch of this notice

29/10/2019
