General public services

Section II: Object

II.1. Scope of the procurement**II.1.1. Title**

Framework agreement, minor construction works, transport and communication

Reference number: 31-BYM-2017, sak 15/22319

II.1.2. Main CPV code

45233100 Construction work for highways, roads

II.1.3. Type of contract

Works

II.1.4. Short description

The Contracting Authority is the municipality's professional body in relation to roads, road traffic and public transport on roads. The Contracting Authority has the administrative responsibility for 1 245 km municipal roads. An important part of this administrative responsibility is related to services for development, operation and maintenance of the roads

and public places in order to ensure good conditions for all road users. The framework agreement shall cover the requirement for minor construction works on roads and streets.

II.1.6. Information about lots

This contract is divided into lots: no

II.1.7. Total value of the procurement

Value excluding VAT: 100 000 000,00 NOK

II.2. Description

II.2.2. Additional CPV code(s)

45233000 Construction, foundation and surface works for highways, roads, 45233300 Foundation work for highways, roads, streets and footpaths, 45233125 Road junction construction work, 45233140 Roadworks

II.2.3. Place of performance

NUTS code: NO011 Oslo

Main site or place of performance: Oslo.

II.2.4. Description of the procurement

Parallel framework agreements will be signed with up to 5 contractors who shall meet the requirements for minor construction works for roads and streets. Works included in the framework agreements are i.a. road construction works, pavements, foot and cycle paths, speed bumps, stops, public transport lanes, works for tramway lines, roundabouts, retaining walls, road marking, etc. The works may comprise new facilities but also assignments in relation to up-grading. The works shall often be executed in busy city streets, possibly with tramway and many pedestrians. The works can give challenges related to traffic disadvantages for road user groups. Each framework agreement has a contract value of up to 15 000 000 NOK excluding VAT. The total contract value for the parallel framework agreements is approx. 100 000 000 NOK excluding VAT for the 4 years contract period.

II.2.5. Award criteria

Price

II.2.11. Information about options

Options: yes

Description of options:

The Contracting Authority has the option to extend the contract for a further 1 year + 1 year on the same terms.

Country: Norway
The contractor is an SME: yes

V.2.4. Information on value of the contract/lot

Total value of the contract/lot: 100 000 000,00 NOK

V.2.5. Information about subcontracting

Section VI: Complementary information

VI.3. Additional information

A cooperation contract has been signed between Oslo municipality and the Norwegian tax administration as a part of Oslo municipality's fight against working life criminality, including illicit work and social dumping. Oslo municipality therefore requires a signed permission slip that gives Oslo municipality an extended right for an unlimited number of times to obtain information on its suppliers and sub-suppliers' tax and duty standing, as stated in the permission slip. The permission shall be signed by the winning tenderer after the award of contract letter has been received, but before the contract is signed.

The tenderer is obliged to meet the requirements regarding payment and working conditions in public contracts, dated 8.2.2008.

In accordance with ESPD part III: Rejection reasons, section D: "Other rejection reasons that are laid down in national law in the Contracting Authority's member country". The Norwegian procurement rules go further than the rejection reasons in the EU's directive on public procurements and in the standard form for ESPD. Emphasis is put on the fact therefore that all the rejection reasons in the procurement regulations § 24-2, including the purely national rejection reasons, apply for this competition.

The following rejection reasons in the procurement regulations § 24-2 are purely national rejection reasons:

— §24-2(2). This provision states that a Contracting Authority can reject a tenderer when they are aware that the tenderer has been legally convicted or has accepted a simplified writ for the stated punishable conditions. The requirement that a Contracting Authority shall reject a tenderer who has accepted a simplified writ for the stated punishable conditions is a distinctively Norwegian requirement,

— 24-2(3) letter i. The rejection reason in the ESPD form only applies for serious errors in professional performance, whilst the Norwegian rejection reason also includes other serious errors that can lead to doubt as to the tenderer's professional integrity.
