II.1.4. Short description

The contest concerns a framework agreement for delivery of electrician services and necessary materials.

The assignments included in the framework agreement shall be to carry out planned tasks and inspections and other times search for and rectify unforeseen errors. The needs will often be of a sporadic nature and of different scope and frequency.

The tenderers must have personnel who have the necessary permits to carry out tasks in the low-voltage and strong-voltage disciplines.

The contract value is estimated to be above the EEA threshold value. The need is uncertain. The contracting authority has previously purchased for NOK 9,050,000 excluding VAT in the last year. The value can be both higher and lower, and will depend on, among other things, the contracting authority's needs, activities, budgetary situation and other framework factors. Maximum value, including any options and expected price increase: NOK 50,000,000 excluding VAT.

See the procurement documents for further information.
