Section III: Legal, economic, financial and technical information

III.1. Conditions for participation

III.1.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions:

6. Qualification requirement: Must be fulfilled in order to be seen as qualified.

A) Tax certificate and VAT certificate, not older than six months.

B) The company's last Annual Report, declaration about the company's turnover during the last year.

C) HSE (health, safety, and the environment) declaration

D) Tenderers must have carried out equivalent deliveries in the last 3 years.

E) Account of the company's quality system.

F) Account of the environmental follow-up system

III.1.2. Economic and financial standing

List and brief description of selection criteria:

Prices and payment terms.

All prices are to be given in Euro - EUR (excluding VAT), the invoicing terms are

Minimum 30 days after BIKS has received an approved invoice, as agreed in the contract's payment plan

EHF invoicing must be used in accordance with BIKS' normal set-up.

The crane is to be delivered at BIKS Øra Terminal in accordance with the

Incoterms 2020 DPU (Delivered at Place Unloaded).

The payment plan for the delivery must be proposed by the seller, the guarantee period must apply after the delivery is complete/commissioned, and that all the technical and commercial conditions are taken care of and approved by BIKS.

Terms

A separate contract will be drawn up between the parties for the delivery.

III.1.3. Technical and professional ability

List and brief description of selection criteria:

Tenderers must be able to describe deliveries of an equivalent type of crane in the last 3 years. A detailed description of our technical requirements is in the tender documentation.

Themes listed in the requirements specification are

4.1 Technical requirements for the operating system

4.1.1 Requirements for the main electricity supply

4.1.2 Requirements for the electricity supply for the hook and accompanying equipment
