Ministry or any other national or federal authority, including their regional or local subdivisions

I.5. Main activity

General public services

Section II: Object

II.1. Scope of the procurement

II.1.1. Title

Procurement of a wave and current warning system for fairways on the Norwegian coast - 2nd announcement

Reference number: 2023/112

II.1.2. Main CPV code

72212462 Mathematical or forecasting software development services

II.1.3. Type of contract

Services

II.1.4. Short description

The Norwegian Coastal Administration will enter into a framework agreement with a tenderer covering the operation and validation of current and future wave and current models, as well as the development of new wave and current models.

The framework agreement will have a duration of four years.

II.1.6. Information about lots

This contract is divided into lots: no

II.1.7. Total value of the procurement

Value excluding VAT: 12 000 000,00 NOK

II.2. Description

II.2.2. Additional CPV code(s)

48100000 Industry specific software package, 48462000 Mathematical or forecasting software package, 98360000 Marine services

II.2.3. Place of performance

NUTS code: NO0A1 Rogaland

NUTS code: NO074 Troms og Finnmark

Main site or place of performance: Norway

II.2.4. Description of the procurement

The Norwegian Coastal Administration offers advanced Wave and Current Models that are presented to end users through the Barentswatch portal. Barentswatch is an open information system consisting of various maritime digital services.

Information on meteorological and oceanographic conditions is critical information for the Norwegian Coastal Administration's work with ocean safety, and is also a significant element for new services that will be developed within the frameworks of sustainability and e-Navigation /maritime ITS.

Wave and current information will be a part of the Norwegian Coastal Administration's portfolio of digital information for sailors and other users, and will be available as public data.

The service is nationwide, so sailors in all parts of the country can access warnings about wave heights and dangerous waves. Wave warnings for fairways is especially aimed at express boats and ferry traffic, but also has many other users. The service will be part of the route info of the map service.

The aim of the procurement is to ensure good warnings on wave conditions for sea traffic along the entire Norwegian coast in order to increase safety for passenger boat and express boat traffic and other sea traffic.

II.2.5. Award criteria

Quality criterion - Name: Quality / Weighting: 40%

Price - Weighting: 60%

II.2.11. Information about options

Options: yes

Description of options:

1 + 1 year

II.2.13. Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds:
no

II.2.14. Additional information

Section IV: Procedure

IV.1. Description

IV.1.1. Type of procedure

Open procedure

The procurement involves the establishment of a framework agreement

IV.1.8. Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: no

IV.2. Administrative information

IV.2.1. Previous publication concerning this procedure

Notice number in the OJ S: [2023/S 057-167638](#)

IV.2.8. Information about termination of dynamic purchasing system

IV.2.9. Information about termination of call for competition in the form of a prior information notice

Section V: Award of contract

Title:

Procurement of a wave and current warning system for fairways on the Norwegian coast - 2nd announcement

A contract/lot is awarded: yes

V.2. Award of contract

V.2.1. Date of conclusion of the contract

05/06/2023

V.2.2. Information about tenders

Number of tenders received: 1

Number of tenders received from SMEs: 0

Number of tenders received from tenderers from other EU Member States: 1

Number of tenders received from tenderers from non-EU Member States: 0

Number of tenders received by electronic means: 1

The contract has been awarded to a group of economic operators: no

V.2.3. Name and address of the contractor

Official name: NORCE Norwegian Research Centre AS

Postal address: Nygårdsgaten 112

Town: BERGEN

NUTS code: NO0A2 Vestland

Postal code: 5008

Country: Norway

E-mail: post@norce.no

Telephone: +47 56107000

The contractor is an SME: yes

V.2.4. Information on value of the contract/lot

Initial estimated total value of the contract/lot: 12 000 000,00 NOK

Total value of the contract/lot: 12 000 000,00 NOK

V.2.5. Information about subcontracting

Section VI: Complementary information

VI.3. Additional information

VI.4. Procedures for review

VI.4.1. Review body

Official name: Oslo Tingrett

Town: Oslo

Country: Norway

VI.5. Date of dispatch of this notice

30/08/2023
