II.1.1. Title

Study on European Business Cases for FCH Trucks and Technology Development Roadmap

Reference number: FCH / OP / Contract 260

II.1.2. Main CPV code

73000000 Research and development services and related consultancy services

II.1.3. Type of contract

Services

II.1.4. Short description

The subject of this call for tenders is the provision of the following services:

- deliver initial studies with the objective of providing a business case and market potential analysis for the use of fuel cell and hydrogen technologies as part of the energy solutions for the heavy duty road transport sector, with different range and load profilesm
- provide case studies by fuel cell and hydrogen application (different composition, freight load and range) expressing potential opportunities and carry out a concept design for each case study compared with other alternative solutions. Case studies should be substantiated on data acquired in dialogue with relevant stakeholdersm
- identify technical and non-technical barriers for the implementation of fuel cell and hydrogen technologies in the heavy duty road transport sector and show needs in terms of research and innovation (R&I), regulation and standards.
