Section II: Object

II.1. Scope of the procurement

II.1.1. Title

Procurement - A3.3 Rescue lift ÅBV, 2022

Reference number: 22/6349

II.1.2. Main CPV code

34144200 Vehicles for the emergency services

II.1.3. Type of contract

Supplies

II.1.4. Short description

Ålesund Brannvesen KF intends to procure a new firefighting vehicle of the type rescue lift. ÅBV intends to enter into a contract with one tenderer for the delivery of a new complete fire engine under the designation rescue lift. The vehicle must contribute to increasing the capacities of ÅBV, and must therefore function within a broad range of geographical, and often coastal, conditions. ÅBV is concerned with high quality, long-lasting products within the scope of operations, good support and cooperation. Vehicles must be purpose-built, have the necessary certifications, and be safe and intuitive to operate.

II.1.5. Estimated total value

Value excluding VAT: 12 500 000,00 NOK

II.1.6. Information about lots

This contract is divided into lots: no

II.2. Description

II.2.2. Additional CPV code(s)

34144200 Vehicles for the emergency services, 34144210 Firefighting vehicles, 34144213 Fire engines

II.2.3. Place of performance

NUTS code: NO0A3 Møre og Romsdal

II.2.4. Description of the procurement

Ålesund Brannvesen KF intends to procure a new firefighting vehicle of the type rescue lift. ÅBV intends to enter into a contract with one tenderer for the delivery of a new complete fire engine under the designation rescue lift. The vehicle must contribute to increasing the capacities of ÅBV, and must therefore function within a broad range of geographical, and often coastal, conditions. ÅBV is concerned with high quality, long-lasting products within the scope of operations, good support and cooperation. Vehicles must be purpose-built, have the necessary certifications, and be safe and intuitive to operate.

II.2.5. Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6. Estimated value

Value excluding VAT: 12 500 000,00 NOK

II.2.7. Duration of the contract, framework agreement or dynamic purchasing system

End: 31/12/2023

This contract is subject to renewal: no

II.2.9. Information about the limits on the number of candidates to be invited

Maximum number: 7 Objective criteria for choosing the limited number of candidates:

The contracting authority will limit the number of service providers who will be invited to submit a tender. If there are a sufficient number of qualified tenderers who fulfil the qualification requirements, the number of participants who will be invited to submit a tender will be limited to a minimum of 3 and a maximum of 7.

The selection will be based on the best qualified principle, based on a total procurement assessment of the qualification requirements.

II.2.10. Information about variants

Variants will be accepted: no

II.2.11. Information about options

Options: yes

Description of options:

Provided in the requirements specifications.

II.2.13. Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds:
no

II.2.14. Additional information

Section III: Legal, economic, financial and technical information

III.1. Conditions for participation

III.1.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions:

ESPD

A good and well-functioning quality assurance system is required for the services that shall be provided.

The tenderer, or the tenderer's employees are required to have experience from at least two equivalent assignments in the last three years

III.1.2. Economic and financial standing

List and brief description of selection criteria:

Tenderers must have their tax, payroll tax and VAT payments in order in accordance with the legal provisions, and tenderers must not have significant arrears.

The financial capacity to carry out the contract is required. A minimum requirement is that the tenderer is credit-worthy, score A in accordance with Bisnode AS using the service CreditPro, or that the tenderer has the financial capacity to implement the contract, based on the Contracting Authority's assessment given in the submitted documentation from the tenderer.

Minimum level(s) of standards possibly required:

See the tender documentation.

III.1.3. Technical and professional ability

List and brief description of selection criteria:

A good and well-functioning quality assurance system is required for the services that shall be provided.

The tenderer, or the tenderer's employees are required to have experience from at least two equivalent assignments in the last three years

Minimum level(s) of standards possibly required:

A corresponding system certificate must be attached, documenting that the tenderer uses a quality management system in their production line. Documents are often issued by accredited certification bodies.

Equivalent assignments means the production and delivery of vehicles with similar characteristics, a corresponding order of magnitude and complexity for use within the fire and rescue service.
