## **Type of contract**

Services

### **II.1.4. Short description**

Eigersund municipality hereby invites tenderers to participate in an open tender contest for entry into a framework agreement that includes winter maintenance (snow clearing and gritting). The aim is to sign a framework agreement for 2 years, with an option for an extension for 1+1 year.

The municipal road network is divided into routes, and the municipality clears snow from some of these routes itself. Through this contest, you have the opportunity to submit a tender offer for one or more routes (a total of 9 routes). Each route is described in the annexes under the individual lot in Mercell. One contract will be awarded per route.

The tenderers must submit tenders for the relevant sub-contracts/lots in the Mercell system if they want to submit tenders for several sub-contracts/lots. E.g., if a tenderer wants to submit tenders for 3 sub-contracts/lot, 3 separate tenders shall be submitted.

See the annexes in Mercell for further information. It is important that tenderers read this carefully before submitting a tender offer.
