II.2.3. Place of performance

NUTS code: NO091 Vestfold og Telemark

II.2.4. Description of the procurement

Sandefjord municipality, c/o the Parks, sports and recreation department will construct two areas with outdoor training equipment. In Andebuparken and in Stokke, respectively. In connection with this, we would like tender offers for outdoor training equipment for two training parks.

Andebuparken is central green area with intensive use. Eikelundtomta in Stokke is also a centrally located area, but does not have the established park, as Andebuparken has. The use of Eikelundtomta in Stokke will increase considerably by establishing a fitness park. The equipment must therefore be of high quality, consist of materials that have a long life, require little maintenance and be robust/vandal-proof. The area in Andebuparken is adjacent to the existing park and Eikelundtomta in Stokke has adjacent housing estates so the use of colour on appliances and surfaces must harmonize with the surroundings.

The target group for both facilities is 10 to 100 years old, and should be able to be used by school classes, individuals and training groups.

Andebuparken is centrally located in the centre of Andebu and is widely used by people of all ages. The budget for this facility is NOK 1,500,000. Map sections of the area are included as a separate appendix.

The area in Stokke is centrally located in the central area of Stokke. The area has not been developed for housing and recreation, which means that this will be a new facility. The budget for this facility is NOK 1,500,000. Map sections of the area are included as a separate appendix.

We request a complete tender for outdoor exercising equipment, design, surfaces, foundation work and assembly.
