Serbia – Railway construction works – Works contracts – Section 3 Paraćin – Trupale – Medjurovo (design and build) for Railway Line under the Belgrade – Niš Railway Modernisation Project

OJ S 148/2026 04/08/2026

Contract or concession notice – standard regime

Works

1. Buyer

1.1. Buyer

Official name: Serbian Railway Infrastructure JSC

Email: Investicije.projekatbn@srbrail.rs

Legal type of the buyer: Body governed by public law

Activity of the contracting authority: General public services

2. Procedure

2.1. Procedure

Title: Works contracts – Section 3 Paraćin – Trupale – Medjurovo (design and build) for Railway Line under the Belgrade – Niš Railway Modernisation Project

Description: The Works Contract covers Section 3 of the Belgrade–Niš Modernisation Project, which is divided into four subsections, (subsection 3.2 Stalać – Đunis is already contracted).

The works relate to Subsections 3.1 Paraćin–Stalać, 3.3 Đunis–Trupale and 3.4 Trupale–Medjurovo. Subsection Paraćin–Stalać is 20.8 km long, while Subsection Đunis–Trupale is 37.7 km long and Subsection Trupale – Medjurovo is 6.7 km long. A total of ten stations will be reconstructed and modernised to meet the demands of both passenger and freight traffic. The design speed is 200 km/h for Subsection 3.1 and 200 km/h for Subsection 3.3. On the Subsection Trupale–Medjurovo the works include reconstruction of the existing railway line with construction of passenger platforms and underpass at station Nis Ranzirna. Across all Subsections 3.1, 3.3 and 3.4, works include reconstruction of the existing and construction of new overhead contact line (OCL) systems, as well as electrical power installations in stations, tunnels and tunnel entrances, energy facilities, relay stations, sectioning posts (including those with neutral sections), remote control systems for electric traction installations, transformer stations supplied from OCL, and lighting of grade-separated crossings and access roads. During the execution of signalling works in stations, automatic switching of turnouts and train routes will not be possible. Due to the shutdown of station signalling systems, operations will be adapted to a temporary mode. Inter-signal interlocking devices (UMZ) will be used, installed in temporary rooms for train dispatchers, with traffic managed within station areas. Some limited works on neighbouring sections may be included in the scope of the contract.

Procedure identifier: ff74070e-6249-4fb5-8b24-cecd17292388

Previous notice: 356471-2026

Internal identifier: EIB-GtP/ MOB1/2021/3.4-3 & 3.4-4

Type of procedure: Negotiated with prior publication of a call for competition / competitive with negotiation

The procedure is accelerated: no

Main features of the procedure: A competitive procedure with negotiation as defined in the EIB Guide to Procurement and procurement documents.

2.1.1. Purpose

Main nature of the contract: Works

Main classification (cpv): 45234100 Railway construction works

2.1.2. Place of performance

Country: Serbia

Anywhere in the given country

Additional information: Belgrade–Niš railway corridor in Serbia, including Sub-sections Paraćin–Stalac and Djunis-Trupale-Medjurovo subsections and infrastructure.

2.1.4. General information

Legal basis:

Other

This contract will be financed by the European Investment Bank (EIB) and is subject to the EIB Guide to Procurement. -

2.1.6. Grounds for exclusion

Sources of grounds for exclusion: Procurement Document

5. Lot

5.1. Lot: LOT-0001

5.1.1. Purpose

Main nature of the contract: Works

Main classification (cpv): 45234100 Railway construction works

5.1.2. Place of performance

Country: Serbia

Anywhere in the given country

Additional information: Belgrade–Niš railway corridor in Serbia, including Sub-sections Paraćin–Stalac and Djunis-Trupale-Medjurovo subsections and infrastructure.

5.1.3. Estimated duration

Duration: 48 Months

5.1.6. General information

Reserved participation:

Participation is not reserved.

Procurement Project fully or partially financed with EU Funds.

Information about European Union funds:

Identifier of EU funds: WBIF Grant WB-IG07-SRB-TRA-03

The procurement is covered by the Government Procurement Agreement (GPA): no

This procurement is also suitable for small and medium-sized enterprises (SMEs): no

5.1.9. Selection criteria

Sources of selection criteria: Procurement Document

Information about the second stage of a two-stage procedure:

Minimum number of candidates to be invited for the second stage of the procedure: 4

Maximum number of candidates to be invited for the second stage of the procedure: 6

The procedure will take place in successive stages. At each stage, some participants may be eliminated

The buyer reserves the right to award the contract on the basis of the initial tenders without any further negotiations

5.1.10. Award criteria

Criterion:

Type: Price

Description: The contract will be awarded on the basis of the most economically advantageous tender, using a quality to price ratio 60:40. The detailed award criteria and evaluation methodology will be set out in the procurement document.
