Section IV: Procedure

IV.1. Description

IV.1.1. Type of procedure

Award of a contract without prior publication of a call for competition in the Official Journal of the European Union in the cases listed below

- The procurement falls outside the scope of application of the directive

Explanation:

A market test was undertaken prior to raising the business case for this requirement, and based on this financial approval was given for 112 000,00 GBP — circa 104 000,00 GBP for the equipment and 8 000 GBP for the 4 years warranty/support. Therefore this was outwith the PCR regulations and did not require publication of a call for competition in the OJEU.

However, the winning tender's value of tender was 126 249,00 GBP — tender evaluation was weighted 70 % technical and 30 % price. Extra funding was sought to cover the additional amount and was approved, hence now necessitating publication of an award notice in OJEU.
