Foot and cycle path at Vistadmoen

Reference number: 2023/1401

**II.1.2. Main CPV code**

45233300 Foundation work for highways, roads, streets and footpaths

**II.1.3.**

## **Type of contract**

Works

### **II.1.4. Short description**

Tokke municipality is the project owner for the construction of a new foot and cycle path at Vistadmoen in Tokke municipality. The current route runs along county road 38 and goes from the intersection/exit to Gullkopp and up to the skidding area/pocket just before Vistad bridge. New lighting will be installed along the foot and cycle path. Water and sewage will also be built into the new foot and cycle path. Existing high-voltage lines will be altered and a new high-voltage route is planned that crosses county road 38.

Stærk & Co AS has been engaged as the responsible engineering designer for a new foot and cycle path with associated water and sewage.

Otera Traftec AS has been engaged as the responsible engineering designer for the lighting along the new foot and cycle path.

### **II.1.5. Estimated total value**

Value excluding VAT: 8 000 000,00 NOK

### **II.1.6. Information about lots**

This contract is divided into lots: no

## **II.2. Description**

### **II.2.2. Additional CPV code(s)**

45233162 Cycle path construction work, 45316000 Installation work of illumination and signalling systems, 45231300 Construction work for water and sewage pipelines, 45315400 High voltage installation work

### **II.2.3. Place of performance**

NUTS code: NO091 Vestfold og Telemark

### **II.2.4. Description of the procurement**

- The length of the new foot and cycle path is approx. 760 m from the intersection/exit to Gullkopp and up to the pocket/chaining site just east of Vistad bridge.
- The new foot and cycle paths will have a width of 3.5 metres, whereof 3.0 metres is the width of the asphalt. The new foot and cycle path will be located at a distance of approx. 3.25 metres from the white stripe on county road 38.
- The new foot and cycle path will be taken over by Vestfold and Telemark County when it is completed.
- There is currently an old path from the skidding area and under Vistad bridge that is connected to a trail system on the west side of the bridge. From piles 750-950 in the longitudinal profile, it is envisioned that vegetation will be cleared and this path will be gravelled, which is also included in the tender. The scope of this work will be clarified with the construction manager.
- The new foot and cycle path conflicts with the existing route of the 22kV high-voltage line. A new trench must therefore be established on the outside of the new foot and cycle and the high-voltage line must be rerouted. In addition, a new high-voltage line will be established for a future industrial area and routed to the existing transformer 40090 at Vistad bridge. This involves crossing the existing high-voltage line and crossing under county road FV38. The plan is to cross via drilling or alternatively excavation. See the drawings for the scope.

- There is currently an exit at pile 550 that will be closed. A new exit will be established for the planned industrial area at Vistadmoen, at approx. pile 580. This will run almost perpendicular to FV38. There will be 2 metres of pavement on the outside of the new foot and cycle path.
- A new 225 mm water pipe and a 160 mm waste water pipe are planned for the new foot and cycle path. The plan is for this to cross FV38 in the west towards Modalen.

#### **II.2.5. Award criteria**

Criteria below  
Price

#### **II.2.6. Estimated value**

Value excluding VAT: 8 000 000,00 NOK

#### **II.2.7. Duration of the contract, framework agreement or dynamic purchasing system**

Start: 01/11/2023 End: 01/09/2024

This contract is subject to renewal: no

#### **II.2.10. Information about variants**

Variants will be accepted: no

#### **II.2.11. Information about options**

Options: no

#### **II.2.13. Information about European Union funds**

The procurement is related to a project and/or programme financed by European Union funds:  
no

#### **II.2.14. Additional information**

### **Section IV: Procedure**

---

#### **IV.1. Description**

##### **IV.1.1. Type of procedure**

Open procedure

##### **IV.1.3. Information about a framework agreement or a dynamic purchasing system**

##### **IV.1.8. Information about the Government Procurement Agreement (GPA)**

The procurement is covered by the Government Procurement Agreement: no

#### **IV.2. Administrative information**

##### **IV.2.2. Time limit for receipt of tenders or requests to participate**

Date: 29/09/2023 Local time: 13:00

##### **IV.2.3. Estimated date of dispatch of invitations to tender or to participate to selected candidates**

##### **IV.2.4. Languages in which tenders or requests to participate may be submitted**

Norwegian

##### **IV.2.6. Minimum time frame during which the tenderer must maintain the tender**

Tender must be valid until: 29/12/2023

##### **IV.2.7.**

## **Conditions for opening of tenders**

Date: 29/09/2023 Local time: 14:00

Place:

Tokke Municipal Building

### **Section VI: Complementary information**

---

#### **VI.1. Information about recurrence**

This is a recurrent procurement: no

#### **VI.3. Additional information**

#### **VI.4. Procedures for review**

##### **VI.4.1. Review body**

Official name: Telemark Tingrett

Postal address: Postboks 2624

Town: Skien

Postal code: 3702

Country: Norway
