

Germany-Stuttgart: Monitoring and control services
OJ S 192/2022 05/10/2022
Contract notice – utilities
Services

Legal Basis:

Directive 2014/25/EU

Section I: Contracting entity

I.1. Name and addresses

Official name: EnBW He Dreiht GmbH

Postal address: Schelmenwasenstraße 15

Town: Stuttgart

NUTS code: DE111 Stuttgart, Stadtkreis

Postal code: 70567

Country: Germany

E-mail: g.madeddu@enbw.com

Internet address(es):

Main address: www.enbw.com

I.3. Communication

The procurement documents are available for unrestricted and full direct access, free of charge, at: https://www.tender24.de/NetServer/TenderingProcedureDetails?function=_Details&TenderOID=54321-Tender-18365760608-6b3e6a09129c2c77

Additional information can be obtained from the abovementioned address

Tenders or requests to participate must be submitted electronically via: www.tender24.de

I.6. Main activity

Electricity

Section II: Object

II.1. Scope of the procurement

II.1.1. Title

Offshore Wind Farm (OWF) He Dreiht - QA WTG/FOU Manufacturing Surveillance

Reference number: EnBW-2022-0080

II.1.2. Main CPV code

71700000 Monitoring and control services

II.1.3. Type of contract

Services

II.1.4. Short description

QA WTG/FOU Manufacturing Surveillance

II.1.5. Estimated total value

II.1.6.

Information about lots

This contract is divided into lots: yes

Tenders may be submitted for maximum number of lots: 4

II.2. Description

II.2.1. Title

Manufacturing Surveillance Foundation - Steel/Electrical/Coating

Lot No: 1

II.2.2. Additional CPV code(s)

71700000 Monitoring and control services

II.2.3. Place of performance

NUTS code: DE Deutschland

NUTS code: UK United Kingdom

NUTS code: PL Polska

Main site or place of performance: Germany UK PL

II.2.4. Description of the procurement

For the fabrication works related to the several components for the EnBW Offshore Windfarm He Dreiht (hereafter abbreviated as HD) the tendering party shall be competently represented at the corresponding fabrication and assembly sites.

Four main service packages are tendered. The tenderer may give a quote to one or more.

For the performance of the individual service packages, experts shall be provided by the tenderer who have the required qualifications and experience and can thus fully cover the monitoring and quality control tasks. The tendering party reserves the right to reject people that do not comply with the requirements and qualifications listed in the ITT.

In the following sections there is a brief description of the individual service packages, the preliminary places of performance and the preliminary time schedule. All dates may change slightly due to usual project delays. For all packages, we expect up to two (2) inspectors per site permanently, expect for the blade package where it can be up to six (6) inspectors.

- Supervision Foundation Supply (one package)

The foundation consists of a monopile and a grouted transition piece.

Fabrication of the 64 monopiles takes place at Steelwind Nordenham, Germany in the period of 08/2023 to 06/2024. Executed works will be welding, coating, components handling and storage activities.

Fabrication of the 64 transition pieces takes place at Smulders Projects UK in Newcastle upon Tyne, UK in the period of 03/2023 to 06/2024. The primary steel components will be fabricated at Sif Netherlands B.V. in Roermond, The Netherlands, in the period of 01/2023 to 08/2023 and will be delivered to Smulders Projects UK. The secondary steel components will be fabricated at three sites mainly in Poland which will afterwards be delivered to Smulders Projects UK as well.

Executed works will be welding, coating, assembling, electrical outfitting, components handling, components transports and storage activities.

II.2.5. Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6. Estimated value

II.2.7.

Duration of the contract, framework agreement or dynamic purchasing system

Start: 02/01/2023 End: 30/06/2024

This contract is subject to renewal: no

II.2.10. Information about variants

Variants will be accepted: no

II.2.11. Information about options

Options: no

II.2.13. Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds:
no

II.2.14. Additional information

II.2. Description

II.2.1. Title

Manufacturing Surveillance WTG Tower - Steel
Lot No: 2

II.2.2. Additional CPV code(s)

71700000 Monitoring and control services

II.2.3. Place of performance

NUTS code: DK Danmark

NUTS code: ES España

Main site or place of performance: DK

II.2.4. Description of the procurement

For the fabrication works related to the several components for the EnBW Offshore Windfarm He Dreiht (hereafter abbreviated as HD) the tendering party shall be competently represented at the corresponding fabrication and assembly sites.

Four main service packages are tendered. The tenderer may give a quote to one or more.

For the performance of the individual service packages, experts shall be provided by the tenderer who have the required qualifications and experience and can thus fully cover the monitoring and quality control tasks. The tendering party reserves the right to reject people that do not comply with the requirements and qualifications listed in the ITT.

In the following sections there is a brief description of the individual service packages, the preliminary places of performance and the preliminary time schedule. All dates may change slightly due to usual project delays. For all packages, we expect up to two (2) inspectors per site permanently, expect for the blade package where it can be up to six (6) inspectors.

Supervision Wind Turbine Generator Supply Scope (three packages)

The 64 Wind Turbine Generators (WTG) incl. tower will be delivered by Vestas. As detailed below a surveillance scope is agreed for hub/nacelle assembly, tower and blade suppliers.

The work is divided in three packages. The tenderer may choose to apply to one or more.

- Tower fabrication is planned to take place at Welcon in Give, Denmark in the period of 03 /2024 to 05/2025 (a second supplier in Spain might be possible).

II.2.5. Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6. Estimated value

II.2.7. Duration of the contract, framework agreement or dynamic purchasing system

Start: 01/03/2024 End: 31/05/2025

This contract is subject to renewal: no

II.2.10. Information about variants

Variants will be accepted: no

II.2.11. Information about options

Options: no

II.2.13. Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds:
no

II.2.14. Additional information

II.2. Description

II.2.1. Title

Manufacturing Surveillance WTG: Hub and Nacelle Components & Assembly
Lot No: 3

II.2.2. Additional CPV code(s)

71700000 Monitoring and control services

II.2.3. Place of performance

NUTS code: DK Danmark

NUTS code: DK Danmark

Main site or place of performance: Different locations in Europe

II.2.14. Additional information

Section III: Legal, economic, financial and technical information

III.1. Conditions for participation

III.1.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions:

Informational criteria:

- EnBW-Supplier number
- Contact person at the supplier
- Company Name
- Company Address
- Company Management board
- Legal form
- Founded in
- Necessary entries in the official directories/registers

Mandatory criteria:

- register, commercial register number

III.1.2. Economic and financial standing

List and brief description of selection criteria:

Informational criteria:

- V.A.T. number
- Subscribed capital in Euro
- Group affiliation
- Number of employees in FTE (2019, 2020, 2021)
- Judgments, lawsuits, arbitration proceedings or other pending proceedings/claims
- Company shareholder of an utility
- Business liability insurance
- Personal damage coverage and personal damage coverage amount (insurance company and date of insurance policy)

- Material damage coverage and material damage coverage amount (insurance company and date of insurance policy)
- Property damage coverage and property damage coverage amount (insurance company and date of insurance policy)
- Material damage coverage and material damage coverage amount (insurance company and date of insurance policy)

Mandatory criteria:

- Annual financial reports for the past three years
- Financial information (2019, 2020, 2021)
 - > Revenue, in Euro:
 - > Profit before tax (EBIT), in Euro:
 - > Total assets, in Euro:
 - > Equity, in Euro:
 - > Investments in R&D, in Euro:
- Declarations
 - > Declaration pursuant to § 123 of the Act against Restraints of Competition (GWB)
 - > Corresponding judgement or legally binding administrative decision due to §123 GWB
 - > Self-purification after responding judgement or legally binding administrative decision based on §123 GWB
 - > Declaration pursuant to § 124 of the Act against Restraints of Competition (GWB)
 - > Self-purification after responding judgement or legally binding administrative decision based on §124 GWB
 - > Affirmation of paying employees according to the legal requirements

- Annual financial reports for the past three years
- Declarations
 - > Declaration pursuant to § 123 of the Act against Restraints of Competition (GWB)
 - > Corresponding judgement or legally binding administrative decision due to §123 GWB
 - > Self-purification after responding judgement or legally binding administrative decision based on §123 GWB
 - > Declaration pursuant to § 124 of the Act against Restraints of Competition (GWB)
 - > Self-purification after responding judgement or legally binding administrative decision based on §124 GWB
 - > Affirmation of paying employees according to the legal requirements
 - > Declaration on required declarations and evidence

III.1.3. Technical and professional ability

List and brief description of selection criteria:

Informational criteria:

- Quality management (QM)
 - > Certification of QM
 - > Quality management officer
- Environmental management
 - > Environmental protection policies
 - > Environmental management system standards
 - > Certification of environmental management
 - > Environmental management officer
 - > Document environmental protection measures and results
 - > Pending proceedings for environmental violations

- > Measures for climate protection and environmental sustainability
 - Compliance
 - > Organisational and procedural measures
 - Sustainability/ Corporate Social Responsibility
 - > Principles of sustainable corporate governance
 - > Publication of sustainability reports
 - Occupational health and safety
 - > Product range (occupational and operational safety, hazardous, biological substances)
 - > Occupational health and safety standards
 - > System to monitor and review compliance with Occupational health and safety standards
 - Technical prequalification criteria
 - > Declaration regarding possible subcontracting
 - > Appropriate access to to required competences
- Mandatory criteria:
- Quality management (QM)
 - > Quality management system standards
 - > Number of employees in quality assurance min. 5
 - Technical prequalification criteria
 - > Project Language: English
 - > Assurance of compliance with official requirements and regulations
 - > HSE Policy
 - Please provide reference(s) of at least two comparable project(s), minimum one within the last three years and briefly describe the corresponding scope
 - > ONLY FOR LOT 1 Proven track record for Manufacturing Surveillance steel foundations fabrication
 - > ONLY FOR LOT 2 Proven track record for Manufacturing Surveillance Tower fabrication
 - > ONLY FOR LOT 3 Proven track record for Manufacturing Surveillance WTG Hub and Nacelle Components & Assembly
 - > ONLY FOR LOT 4 Proven track record for Manufacturing Surveillance Rotorblades
- Minimum level(s) of standards possibly required:
- Quality management (QM)
 - > Quality management system standards
 - > Number of employees in quality assurance min. 5
 - Technical prequalification criteria
 - > Project Language: English
 - > Assurance of compliance with official requirements and regulations
 - > HSE Policy
 - Please provide reference(s) of at least two comparable project(s), minimum one within the last three years and briefly describe the corresponding scope
 - > ONLY FOR LOT 1 Proven track record for Manufacturing Surveillance steel foundations fabrication
 - > ONLY FOR LOT 2 Proven track record for Manufacturing Surveillance Tower fabrication
 - > ONLY FOR LOT 3 Proven track record for Manufacturing Surveillance WTG Hub and Nacelle Components & Assembly
 - > ONLY FOR LOT 4 Proven track record for Manufacturing Surveillance Rotorblades

III.1.6. Deposits and guarantees required

Please see tender documentation

III.1.7. Main financing conditions and payment arrangements and/or reference to the relevant provisions governing them

Please see tender documentation

III.1.8. Legal form to be taken by the group of economic operators to whom the contract is to be awarded

jointly and severally liable

Section IV: Procedure

IV.1. Description

IV.1.1. Type of procedure

Negotiated procedure with prior call for competition

IV.1.3. Information about a framework agreement or a dynamic purchasing system

IV.1.4. Information about reduction of the number of solutions or tenders during negotiation or dialogue

Recourse to staged procedure to gradually reduce the number of solutions to be discussed or tenders to be negotiated

IV.1.8. Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: yes

IV.2. Administrative information

IV.2.2. Time limit for receipt of tenders or requests to participate

Date: 02/11/2022 Local time: 15:00

IV.2.3. Estimated date of dispatch of invitations to tender or to participate to selected candidates

Date: 30/11/2022

IV.2.4. Languages in which tenders or requests to participate may be submitted

English

IV.2.6. Minimum time frame during which the tenderer must maintain the tender

Tender must be valid until: 30/03/2023

Section VI: Complementary information

VI.1. Information about recurrence

This is a recurrent procurement: no

VI.2. Information about electronic workflows

Electronic ordering will be used

Electronic invoicing will be accepted

Electronic payment will be used

VI.3. Additional information

All request and communication shall be done through the AI bidding cockpit (AI Bietercockpit) via tendering platform "tender24".

Please be aware that question regarding the call for competition shall only be submitted latest October 14th 2022.

Due date for questions by tendering company: October 19th 2022

The tendering company reserves its unilateral right to award a tenderer a contract based on initial or subsequent tenders received without requesting best and final offers (BAFO's).

VI.4. Procedures for review

VI.4.1. Review body

Official name: Vergabekammer Baden-Württemberg

Postal address: Durlacher Allee 100

Town: Karlsruhe

Postal code: 76137

Country: Germany

Telephone: +49 721-926-8730

Fax: +49 721-926-3985

VI.4.3. Review procedure

Precise information on deadline(s) for review procedures:

According to Section 160 (1) GWB, the public procurement chamber initiates a review only on request.

An application may, inter alia, be inadmissible if the candidate has not complained in due time of the alleged infringement of public procurement rules. Infringements recognized in the award procedure must be notified to the tendering company within ten calendar days (§ 160 (3) no. 1 GWB).

Infringements of procurement rules, which are recognizable on the basis of the notice, must be notified at the latest by the end of the participation period (§ 160 (3) no. 2 GWB). Infringements that can only be identified in the tender documents must be notified at the latest by the end of the offer period (§ 160 (3) no. 3 GWB). Furthermore, the petition for review is inadmissible if more than 15

calendar days have elapsed after receipt of the notification of the issuing undertaking to refuse to remedy a complaint (sec. 160 (3) no. 4 GWB)

VI.5. Date of dispatch of this notice

30/09/2022
