Tenders or requests to participate must be submitted to the abovementioned address

I.6. Main activity

Production, transport and distribution of gas and heat

Section II: Object

II.1. Scope of the procurement

II.1.1. Title

Motocompresor MC103 (Coreses Compression Station)

II.1.2. Main CPV code

42123100 Gas compressors

II.1.3. Type of contract

Supplies

II.1.4. Short description

Motocompresor MC103 (coreses compression station).

II.1.5. Estimated total value

II.1.6. Information about lots

This contract is divided into lots: no

II.2. Description

II.2.3. Place of performance

NUTS code: ES419 Zamora

II.2.4. Description of the procurement

The scope includes the supply of the following:

One (1) Electric driven Gas Compressor Skid with the following, but not limited, equipment and systems:

One (1) Seal-less type gas compressor with magnetic bearings.

One (1) main electric motor for compressor driving, hazardous area zone 1, group IIA, T1, including their associated instrumentation and auxiliaries.

One (1) Variable Frequency Drive (VFD) for the electrical motor of the gas compressor, including

Its own cooling system.

One (1) power dry type transformer for VFD, including its own cooling system.

Enclosure for noise reduction of the gas compressor (To be quoted separately).

Steel base frame for engine, compressor and its auxiliaries.

Anti-surge control system.

Valves, piping, fittings, tubing, supports, expansion joints (if required), flanges connections (including counter flange, gaskets, bolts and nuts), thermal insulation for personnel protection, receiver vessels (if required shall be quoted separately), silencers (if required shall be quoted separately), and strainers (for normal operation and start-up).

All necessary connections for instrument air, water drains, gas leakages and safety valves releases.

Safety Valves to protect the equipment.

Power cables wiring until internal terminal boxes.

Electrical terminal boxes.

Local instrumentation and monitoring system. It is required all the instrumentation needed for the control and operation of the compressor, and the safety functions needed.

Gas leakage detection system.

Monitoring equipment for vibrations.

Mounting material and accessories for instruments.

Instrumentation and control cables up to terminal boxes.

Instrumentation Terminal Boxes

Unit Control System (UCS) as a whole unit, including:

One (1) Active Magnetic Bearings Control Panel.

II.2.5. Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6. Estimated value

II.2.7. Duration of the contract, framework agreement or dynamic purchasing system

Duration in months: 12

This contract is subject to renewal: no
