II.2.4. Description of the procurement

The contest concerns the procurement of a construction manager for drill & blast in contract E6 Clean water tunnel in the main network project. See annex 5 'A General Part' for information on the scope of the contract.

The aim of the procurement is to enter into a contract with a tenderer for the hire of a resource who can undertake the construction manager role for the drill & blast part of the E6 Clean water tunnel project.

See the attached requirements specification for detailed information on the role and the work tasks for the construction manager D&B E6.

The assignment is equivalent to a 100% position. Mainly within normal working hours. The site work will be carried out around the clock, so there will also be some work outside normal working hours. The work location is in Oslo, primarily at the construction sites Stubberud/Oset, and a little at the office in Skøyen.

The D&B construction manager will mainly be responsible for assisting the sub-project manager in the E6 contract with the daily follow-up of blasted rock in conventionally blasted tunnels and rock halls. The D&B E6 construction manager will be the deputy for the sub-project manager E6 if required.

The hired resource must be authorised at RESTRICTED level, cf. point 23 in the attached contract.

We would like to have the start-up as soon as possible after the contract has been signed and authorisation is in place.

It is not possible to split the assignment between several persons who together make up a 100% position.

II.2.5. Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6. Estimated value

Value excluding VAT: 15 000 000,00 NOK

II.2.7. Duration of the contract, framework agreement or dynamic purchasing system

Duration in months: 66

This contract is subject to renewal: yes

Description of renewals:

The start-up for the assignment is as soon as possible and within 4 months at the latest, calculated from the date the contract is signed. The assignment will run until the blasting work has been completed, estimated to be 30.06.27.
