I.6. Main activity

Airport-related activities

Section II: Object

II.1. Scope of the procurement

II.1.1. Title

Cargo Community System — Supply, Hosting and Operation of a Software for Luxembourg Airport

Reference number: 1801719

II.1.2. Main CPV code

72212131 Aviation ground support software development services

II.1.3. Type of contract

Services

II.1.4. Short description

The purpose of this consultation is the supply, hosting and operation of a Cargo Community System software to facilitate the collaboration of private and public actors involved in the movement of goods at Luxembourg Airport. The market consists of developing this collaborative platform and making it available to a limited number of actors during a proof of concept phase aimed at demonstrating the benefits of the solution based on real production data.

II.1.5. Estimated total value

II.1.6. Information about lots

This contract is divided into lots: no

II.2. Description

II.2.2. Additional CPV code(s)

72212131 Aviation ground support software development services

II.2.3. Place of performance

NUTS code: LU00 Luxembourg

Main site or place of performance: LUXEMBOURG.

II.2.4. Description of the procurement

The purpose of this consultation is the supply, hosting and operation of a Cargo Community System software to facilitate the collaboration of private and public actors involved in the movement of goods at Luxembourg Airport. The market consists of developing this collaborative platform and making it available to a limited number of actors during a proof of concept phase aimed at demonstrating the benefits of the solution based on real production data.

II.2.5. Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6. Estimated value

II.2.7. Duration of the contract, framework agreement or dynamic purchasing system

Duration in months: 16

This contract is subject to renewal: no

II.2.9. Information about the limits on the number of candidates to be invited

Envisaged number of candidates: 3 Objective criteria for choosing the limited number of candidates:

The number of candidates allowed to submit an offer will be limited to a minimum of 3. These candidates will be selected based on the limitation criteria described in the tender document.

II.2.10. Information about variants

Variants will be accepted: no

II.2.11. Information about options

Options: yes

Description of options:

The market is limited to work package WP1 as described in chapter 4 of the tender descriptive document. Optional markets cover the other work packages: WP2, WP3 and WP4. They are further described in the tender descriptive document.

II.2.13. Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds:
no

II.2.14. Additional information

Section III: Legal, economic, financial and technical information

III.1. Conditions for participation

III.1.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions:

Along with their request to participate, the economic operator provides a signed ESPD (European Single Procurement Document) as statement on oath that they are not excluded from the tender.

III.1.2. Economic and financial standing

Selection criteria as stated in the procurement documents

III.1.3. Technical and professional ability

Selection criteria as stated in the procurement documents

III.1.4. Objective rules and criteria for participation

List and brief description of rules and criteria:

Criteria are further described in more detail in the tender descriptive document. The candidate is not allowed to participate in the competitive dialog if the following selection criteria are not met:

- S1 Exclusion criteria,
- S2 Financial and economic capacity,
- S3 English level,
- S4 Delivery language,
- S5 Experience in providing SaaS,
- S6 Availability of air-cargo software products,
- S7 Customers in Europe,
- S8 Proximity of project team,
- S9 Hosting of the solution in the European Union.

The candidates are then ranked using the following limitation criteria and the procuring entity selects a minimum of 3 candidates to participate in the dialog:

- L1 French level,
- L2 Availability during dialog phase,
- L3 Customers using SaaS,
- L4 Delivery capacity,
- L5 Availability of air-cargo products,
- L6 Customers in Europe,
- L7 Proximity to the air cargo industry,
- L8 Experience in the domain of multimodal transport.
