Port-related activities

Section II: Object

II.1. Scope of the procurement

II.1.1. Title

Drainage Surveys

Reference number: PPIL/0082

II.1.2. Main CPV code

90491000 Sewer survey services

II.1.3. Type of contract

Services

II.1.4. Short description

Peel Ports aims to award a framework agreement to a single successful tenderer for the provision of Services to undertake and report on an exhaustive drainage clearance, survey and condition assessment of the existing private drainage networks on the Peel Ports Group Estates.

A recent environmental audit has identified a need to update business records of Peel Ports Group (PPG) drainage infrastructure.

There is an accountability to understand and define where all site drainage, whether that be PPG controlled or tenant controlled, starts and discharges and how it is conveyed (pipe network and infrastructure).

The surveys should account for all surface water, foul and combined sewerage, both gravity and pumped, including all associated drainage infrastructure.

This requirement should also follow through to produce a clear drainage plan for the business entities going forward.

II.1.5. Estimated total value

Value excluding VAT: 3 000 000,00 GBP

II.1.6. Information about lots

This contract is divided into lots: no

II.2. Description

II.2.2. Additional CPV code(s)

44163112 Drainage system, 71355000 Surveying services

II.2.3. Place of performance

NUTS code: UK United Kingdom

Main site or place of performance: UK.

II.2.4. Description of the procurement

Peel Ports aims to award a framework agreement to a single successful tenderer for the provision of services to undertake and report on an exhaustive drainage clearance, survey and condition assessment of the existing private drainage networks on the Peel Ports Group Estates.

A recent environmental audit has identified a need to update business records of Peel Ports Group (PPG) drainage infrastructure.

There is an accountability to understand and define where all site drainage, whether that be PPG controlled or tenant controlled, starts and discharges and how it is conveyed (pipe network and infrastructure).

The surveys should account for all surface water, foul and combined sewerage, both gravity and pumped, including all associated drainage infrastructure.

This requirement should also follow through to produce a clear Drainage Plan for the business entities going forward

To ensure this is achieved the following must take place:

- initial site visit to conduct a preliminary survey on the manholes across the estate, establishing a program of works, including instructing minor civil works to free any manholes that pose an issue,
- exhaustive drainage survey,
- 2D Autocad drawings for each site,
- conditioning report.

II.2.5. Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6. Estimated value

Value excluding VAT: 3 000 000,00 GBP

II.2.7. Duration of the contract, framework agreement or dynamic purchasing system

Duration in months: 96

This contract is subject to renewal: no

II.2.9. Information about the limits on the number of candidates to be invited

Envisaged number of candidates: 6

II.2.10. Information about variants

Variants will be accepted: no

II.2.11. Information about options

Options: yes

Description of options:

Initial fixed term of 3 years with options to extend up to a further 5 years.

II.2.13. Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds:
no
