Section III: Legal, economic, financial and technical information

III.1. Conditions for participation

III.1.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions:

Economic operators must complete the European Single Procurement Document (ESPD) via the Public Contract Scotland — Tender (ESPD) portal link. EO's must read the ESPD in conjunction with all the sections set out below.

With reference to ESPD Question 4A.2 EO's are required to confirm they are (or can commit to obtain prior to the commencement of any subsequently awarded contract) accredited by health and safety executive as an approved dosimetry service for both dosimeters and maintenance of records. This is a pass/fail question.

With reference to ESPD Question 4A.2 EO's are required to confirm they (or can commit to obtain prior to the commencement of any subsequently awarded contract) work to the Ionising Radiation Regulations 2017. This is a pass/fail question.

III.1.2. Economic and financial standing

List and brief description of selection criteria:

With reference to ESPD Question 4B.6, NHSGG&C will use its evaluation matrix which can be uploaded from the attachments area on PCST to assess the financial stability of EO's. EO's should complete the evaluation matrix spread sheet included in the tender documents and confirm they meet the minimum requirement score. EO's with a score of 50 and above will be deemed to have evidenced satisfactory financial stability. EO's should be able to provide financial accounts when requested by NHSGG&C.

Minimum level(s) of standards possibly required:

With reference to ESPD Question 4B.5.1, EO's must and evidence Employer's (Compulsory) Liability Insurance = 5 000 000 GBP. If EO'S do not currently have this level of insurance, they must agree to put in place prior to contract commencement.

With reference to ESPD Question 4B.5.2, EO's must and evidence Public Liability Insurance = 10 000 000 GBP. If EO'S do not currently have this level of insurance, they must agree to put in place prior to contract commencement.

With reference to ESPD Question 4B.5.2, EO's must and evidence Professional Indemnity Insurance = 5 000 000 GBP. If EO'S do not currently have level of insurance, they must agree to put in place prior to contract commencement.

With reference to Technical Questionnaire 2.2, EO's must confirm they comply with the following questions:

Service compliance must be in line with Regulations 9 (1), 19 (2), 20, 22 and 36 of IRR17.

Maintenance of relevant records must be by an Approved Dosimetry Service (ADS), including individual dose records on behalf of the Board in accordance with the Regulations.

The ADS must conform to the requirements of HSE, including Information Sheet, Ionising Radiation Protection Series No. 2, Radiation Dose Assessment and Recording.

With reference to Technical Questionnaire 2.3, EO's must confirm they comply with the following question:

Dosimeters must be HSE approved for whole body dose estimation.

III.1.3. Technical and professional ability

List and brief description of selection criteria:

With reference to ESPD Question 4C.1.2, EO's are required to provide examples that demonstrate they have the relevant experience to deliver the services/supplies as described in Part II.2.4 of the OJEU Contract Notice. Examples must be from within the last 3 years. EO's should complete the template attached in the "General Attachment" area of PCS-T to provide examples that demonstrates experience that is relevant to this procurement exercise. If EO's cannot provide any examples you should explain why at the bottom of the template. The completed response should be no more than 2 pages of A4. EO's should upload the completed document next to the Question 4C.1.2. Failure to provide examples or explain why examples cannot be provided will result in a non-compliant bid and may be rejected.

Responses will be evaluated, if these do not display visible evidence of capability to deliver these services, this may result in a fail.
