II.2.4. Description of the procurement

The invitation to tender applies to a framework agreement for the purchase of access points, licences and associated support and consulting services (from the manufacturer Aruba) for Indigo ICT's WIFI system.

Indigo IKT (ICT) currently has a system consisting of 10 Mobility controllers, approx. 2,700 access points of various models and has around 20,000 simultaneous users. Most access points are terminated against controllers at the central data centre. However, there are also some locations with local controllers due to special needs for performance and uptime. The system is managed by two Aruba Mobility Conductors in HA with a capacity of 5,000 units, and we have 2,707 AP/PEF licences.

The system also consists of an Aruba Clearpass server with 31,050 Access licences on a C2000V appliance. Indigo ICT (ICT) uses Aruba Airwave for monitoring controllers and access points. We have currently 2,754 device licences.
