II.1.1. Title

Learning Management System

Reference number: 19/28134

II.1.2. Main CPV code

72000000 IT services: consulting, software development, Internet and support

II.1.3.

Type of contract

Services

II.1.4. Short description

The service will give the client the possibility to administrate teaching activities, application processes to participate in individual courses and follow-up of course participants. Web-based courses and tests will be used in combination with other training, such as for example classroom courses. The service must contain a production tool, so that the client can create suitable learning activities, web courses and web-based tests and make them available through the service. The production tool will be an integrated part of the Service. The service must offer the possibility of follow-up and certification of employees. The tenderer must also be able to offer consultancy services for the development and production of individual courses adapted to the client.

II.1.5. Estimated total value
