Electricity

Section II: Object

II.1. Scope of the procurement**II.1.1. Title**

Civil Balance of Plant (CBOP) Contract for Oweninny Phase 2 Wind Farm

Reference number: GWM-11136

II.1.2. Main CPV code

45200000 Works for complete or part construction and civil engineering work

II.1.3.

Type of contract

Works

II.1.4. Short description

Oweninny Power 2 DAC, the contracting entity, is a joint venture company formed between Bord na Móna Energy Ltd and ESB Wind Development Ltd. Oweninny Power DAC has developed the first phase of a Wind Farm at Oweninny, Bellacorick, Co. Mayo. The contracting entity now intends to procure works, supplies and services related to civil balance of plant for the Oweninny Phase 2 wind farm project.

Oweninny Phase 2 wind farm is an 83MW project located adjacent to the existing 89MW Oweninny Phase 1 Project. The contracting entity plans to develop the phase 2 project commencing in 2020.

II.1.5. Estimated total value

II.1.6. Information about lots

This contract is divided into lots: no

II.2. Description

II.2.2. Additional CPV code(s)

71322000 Engineering design services for the construction of civil engineering works

II.2.3. Place of performance

NUTS code: IE Éire / Ireland

Main site or place of performance: Oweninny Wind Farm, Co. Mayo, IRELAND.

II.2.4. Description of the procurement

The contracting entity intends to procure works, supplies and services related to civil balance of plant for the Oweninny Phase 2 wind farm project.

The scope of work for contract shall include the design, procurement and installation for the following non-exhaustive list, however tenders should note that the detailed scope and contracting strategy will be determined at tender stage:

- 1) Site accommodation for the employer and engineer;
- 2) Fulfilling the role of PSCS during all or part of the works, which may include other parties on site (e.g. wind turbine generator (WTG) erection and electrical balance of plant (EBOP) contracts;
- 3) Pre-construction surveys;
- 4) Enabling works;
- 5) Discharge of planning conditions;
- 6) Onsite access tracks;
- 7) Stream crossings;
- 8) Drainage works;
- 9) Site compounds grading and fencing for the WTG erection and EBOP contractors;
- 10) Public road modifications to facilitate delivery of abnormal loads from the port to site;
- 11) On site and offsite scrub clearance/tree felling;
- 12) WTG Foundations and crane hardstandings;
- 13) Civil works attendance on other contractors on site;
- 14) Met mast procurement and erection, including foundation and crane hardstanding;
- 15) Reinstatement;
- 16) Route modifications along haul route to facilitate WTG transportation and subsequent reinstatement works;

17) Environmental monitoring and reporting including dust noise and water quality during the construction phase.

Some post construction works/services during the project operational phase may also be included in the scope of the contract.

II.2.5. Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6. Estimated value

II.2.7. Duration of the contract, framework agreement or dynamic purchasing system

Duration in months: 36

This contract is subject to renewal: no

II.2.9. Information about the limits on the number of candidates to be invited

Envisaged number of candidates: 5 Objective criteria for choosing the limited number of candidates:

As stated in pre-qualification information memorandum available on request from www.etenders.gov.ie using RFT ID 160739.

II.2.10. Information about variants

Variants will be accepted: yes

II.2.11. Information about options

Options: yes

Description of options:

As stated in pre-qualification information memorandum available on request from www.etenders.gov.ie using RFT ID 160739.

II.2.13. Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds: no

II.2.14. Additional information

It is currently envisaged that the contracting entity shall enter into a contract with the successful tenderer. However, applicants should note that, in the alternative, the contract may ultimately be entered into by any subsidiary or affiliate thereof or by either of the shareholders in the contracting entity.

Section III: Legal, economic, financial and technical information

Date: 02/01/2020 Local time: 15:00

IV.2.3.

Estimated date of dispatch of invitations to tender or to participate to selected candidates

IV.2.4. Languages in which tenders or requests to participate may be submitted

English

IV.2.6. Minimum time frame during which the tenderer must maintain the tender

Duration in months: 12 (from the date stated for receipt of tender)

Section VI: Complementary information

VI.1. Information about recurrence

This is a recurrent procurement: no

VI.2. Information about electronic workflows

Electronic ordering will be used

Electronic invoicing will be accepted

Electronic payment will be used

VI.3. Additional information

It is our intention to use the Irish Government Procurement portal (www.etenders.gov.ie) for this competition (eTenders Ref No 160739). Registration is free of charge. Interested parties must register their interest for the PQQ on the eTenders website. Once you have registered your interest please forward a message in eTenders to request the PQQ documentation and the documentation will then be forwarded to you. All information relating to and including the pre-qualification documents, any clarifications and changes will be issued/published via this portal. Please note that a clarification log will be added to the PQQ documentation to record clarification queries received and the responses. You should check the log regularly for updates. The contracting entity will not accept responsibility for information relayed (or not relayed) via third parties. Further information on this procurement competition is set out in the pre-qualification documentation available on request.

VI.4. Procedures for review

VI.4.1. Review body
