Section II: Object

II.1. Scope of the procurement**II.1.1. Title**

Procurement of a new trade system for PPT in Vestfold and Telemark Counties

Reference number: VT18/55

II.1.2. Main CPV code

48000000 Software package and information systems

II.1.3. Type of contract

Services

II.1.4. Short description

The Educational-Psychological Service (EPS in English, but PPT in Norwegian) for High school in Vestfold and Telemark needs a new, modern, future orientated and easy to use new professional system for PPT for registrations, case management and the production of our work on an individual and system level.

A new professional system for PPT must operate so it supports more efficient and appropriate handling of registration work associated with student journals and more systematic work, as well as good integration solution to other systems. The new professional system for PPT must also be a tool for statistics, reports and results on work that has been done.

II.1.5. Estimated total value

II.1.6. Information about lots

This contract is divided into lots: no

II.2. Description

II.2.2. Additional CPV code(s)

48219300 Administration software package, 48300000 Document creation, drawing, imaging, scheduling and productivity software package, 48311100 Document management system, 48810000 Information systems, 72000000 IT services: consulting, software development, Internet and support, 72220000 Systems and technical consultancy services, 72250000 System and support services

II.2.3. Place of performance

NUTS code: NO033 Vestfold

NUTS code: NO034 Telemark

II.2.4. Description of the procurement

A new professional system must work to support more efficient and appropriate handling of registration associated with student journals and more system-oriented work as well as good integration solutions to necessary systems. The new professional system must also be a tool for work with statistics and reports on work that has been done.

The new professional system must have secure archiving and to comply with the documentation requirement, legislation, as well as meeting the need for a clear and comprehensive collection of information. The archiving should preferably be safeguarded through integration to the client's current archive system.

The new professional system for PPT must be implemented in each of the two counties.

The two counties will become one new large county in 2020, so that the two separate systems must be phased into one joint professional system for PPT. A professional system must support the various employees in the PP-service.

At the of purchase, you also want to have a supplier that provides support, maintenance and further development of the new system to meet PPT's futures needs and requirements.

The Client intends to enter into a running agreement with a duration of 3 years with an option of 3 years, redeemed with 1 year at a time. The total duration of the agreement is 6 years.

II.2.5. Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents
