Criterion: Average yearly turnover

Description of selection criterion: 1) Economic and financial capacity (based on item 3 of the request to participate form, or on item 3 of the supply tender submission form). In case the

candidate or tenderer is a public body, equivalent information should be provided. The reference period which will be taken into account will be the last three years for which accounts have been closed. The objective of this criterion is to examine whether the candidate or tenderer:

- will not be economically dependent on the contracting authority in the event that the contract is awarded to it; and
- has sufficient financial stability to handle the proposed contract.

Criterion 1: average annual turnover

- The tenderer's similar work experience on a single contract must be at least 25% of the total amount to be offered.
- The supporting documents (invoice, contract, stamp tax, etc.) of the tenderer's similar work experience shall be submitted in the technical proposal.
- The candidate's or tenderer's average annual turnover of the last 3 financial years for which the accounts have been closed must be not less than 77.109.876,00 TL

Criterion 2: assets/liabilities ratio Current ratio (current assets/current liabilities) in the last year for which accounts have been closed must be at least 1.

2) Professional capacity (based on items 4 and 5 of the request to participate form for service contracts and on items 4 and 5 of the tender submission form for supply contracts). The reference period which will be taken into account will be the last 3 years preceding the submission deadline.

- Criterion 1: the candidate or tenderer has, during the current year and the previous two years, on average, at least: 3 personnel directly employed or otherwise legally contracted on a permanent or non-permanent basis in areas of specialist knowledge related to this contract.
- Criterion 2: the candidate or tenderer is not subject to professional conflicting interests which may negatively affect contract performance. The presence of professional conflicting interests shall be examined on the basis of the statements made through the Declarations on Honour and, where applicable, the statements and other documents submitted.

3) Technical capacity (based on item 6 of the request to participate form for service contracts and on item 6 of the tender submission form for supply contracts).

Criterion:

- The candidate or tenderer has completed services under at least: 1 contracts implemented at any moment during the last four years before submission deadline.
- The cost of services completed for each contract cannot be less than 16.064.557,5 TL.
- "Contracts for the supply of any type of fuel products shall be considered as similar contracts for the purpose of demonstrating relevant experience.

Selection Criterion – Licence and Authorisation Requirements

The tenderer shall hold the valid licences and authorisations required under the applicable petroleum market legislation in Türkiye in order to supply and sell the fuel products covered by the contract. In this respect, the tenderer shall meet either of the following requirements:

a) Where the tenderer is a licensed fuel distributor: The tenderer shall submit a valid Distributor Licence issued by the Energy Market Regulatory Authority (EMRA/EPDK), demonstrating that the tenderer is authorised to carry out fuel distribution activities.

or b)

Where the tenderer is an authorised dealer of a licensed fuel distributor: The tenderer shall submit a valid Fuel Station Dealer Licence issued by the Energy Market Regulatory Authority (EMRA/EPDK), together with a valid dealership agreement and/or dealership authorisation letter issued by the relevant licensed fuel distributor, confirming that the tenderer is an authorised dealer of that distributor. All licences and authorisations submitted shall be valid on the deadline for submission of tenders and shall cover the activities required for the performance of the contract.

The criteria will be used to select the candidates to be invited for the second stage of the procedure
