Railway services

Section II: Object

II.1. Scope of the procurement

II.1.1. Title

8437 - Enterprise Fleet Replacement Project

II.1.2. Main CPV code

34620000 Rolling stock

II.1.3. Type of contract

Supplies

II.1.4. Short description

This is a call to competition by IARNROD EIREANN (IE) and NORTHERN IRELAND RAILWAYS COMPANY LIMITED (NI Railways) for the establishment of an 8 Year, Single Party Framework Agreement for the procurement of new Enterprise vehicles (Enterprise Fleet Replacement Agreement) required for the replacement of the existing Enterprise Fleet (the Contract). Along with procurement of the rolling stock, the scope of the procurement process will also include a maintenance contract in respect of technical support services and spares supply in relation to the new rolling stock (Maintenance Contract). IE and NI Railways (the Contracting Entity) now wish to initially procure 8 new trainsets up to a maximum of 200m in length to operate an hourly service between Dublin and Belfast. It is planned to have the entire new fleet in service in 2028 to 2029 and to deliver the end to end journey sub 2 hours or better on the existing infrastructure. Initial traction power will be Internal Combustion Engine (ICE) Battery Electric (using the existing 1.5 kV DC OHLE) with the train designed to transition to a net zero carbon operation during its life by the removal of the diesel power generation for replacement with dual OHLE power supply equipment. The trains will operate on 1600mm track gauge, will operate in full length formation of a maximum of 200m in length and will be required to meet other gauging requirements of the Irish Rail - NI Railways network.

II.1.5. Estimated total value

Value excluding VAT: 650 000 000,00 EUR

II.1.6. Information about lots

This contract is divided into lots: no

II.2. Description

II.2.2. Additional CPV code(s)

34620000 Rolling stock

II.2.3. Place of performance

NUTS code: IE Éire / Ireland

II.2.4. Description of the procurement

This is a call to competition by IARNROD EIREANN (IE) and NORTHERN IRELAND RAILWAYS COMPANY LIMITED (NI Railways) for the establishment of an 8 Year, Single Party Framework Agreement for the procurement of new Enterprise vehicles (Enterprise Fleet Replacement Agreement) required for the replacement of the existing Enterprise Fleet (the Contract). Along with procurement of the rolling stock, the scope of the procurement process will also include a maintenance contract in respect of technical support services and spares supply in relation to the new rolling stock (Maintenance Contract). IE and NI Railways (the Contracting Entity) now wish to initially procure 8 new trainsets up to a maximum of 200m in length to operate an hourly service between Dublin and Belfast. It is planned to have the entire

new fleet in service in 2028 to 2029 and to deliver the end to end journey sub 2 hours or better on the existing infrastructure. Initial traction power will be Internal Combustion Engine (ICE) Battery Electric (using the existing 1.5 kV DC OHLE) with the train designed to transition to a net zero carbon operation during its life by the removal of the diesel power generation for replacement with dual OHLE power supply equipment. The trains will operate on 1600mm track gauge, will operate in full length formation of a maximum of 200m in length and will be required to meet other gauging requirements of the Irish Rail - NI Railways network.

II.2.5. Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6. Estimated value

Value excluding VAT: 650 000 000,00 EUR

II.2.7. Duration of the contract, framework agreement or dynamic purchasing system

Duration in months: 96

This contract is subject to renewal: no

II.2.10. Information about variants

Variants will be accepted: yes
