

581511-2026 - Competition

North Macedonia – Medical equipments, pharmaceuticals and personal care products – Medical Consumables for Interventional Procedures – Introducer Sheaths, Guidewires, Catheters and Other Medical Consumables

OJ S 162/2026 24/08/2026

Contract or concession notice – standard regime

Supplies

1. Buyer

1.1. Buyer

Official name: PHI UNIVERSITY CLINIC FOR CARDIOLOGY AND CARDIOVASCULAR SURGERY NATIONAL CENTER FOR CARDIOVASCULAR DISEASES

Email: dini.ism@hotmail.com

Legal type of the buyer: Body governed by public law, controlled by a central government authority

Activity of the contracting authority: Health

2. Procedure

2.1. Procedure

Title: Medical Consumables for Interventional Procedures – Introducer Sheaths, Guidewires, Catheters and Other Medical Consumables

Description: Medical Consumables for Interventional Procedures – Introducer Sheaths, Guidewires, Catheters and Other Medical Consumables

Procedure identifier: 3bcc71e9-00af-46cb-9d9b-8796d8325415

Type of procedure: Open

The procedure is accelerated: no

2.1.1. Purpose

Main nature of the contract: Supplies

Main classification (cpv): 33000000 Medical equipments, pharmaceuticals and personal care products

2.1.2. Place of performance

Postal address: St. Mother Teresa nr. 17

Town: Skopje

Country subdivision (NUTS): Скопски (MK008)

Country: North Macedonia

2.1.4. General information

Legal basis:

Directive 2014/24/EU

2.1.5. Terms of procurement

Terms of submission:

Maximum number of lots for which one tenderer can submit tenders: 87

2.1.6. Grounds for exclusion

Sources of grounds for exclusion: Procurement Document

5. Lot

5.1. Lot: LOT-0001

Title: Introducer (Set) for Femoral Arterial Access consisting of a hydrophilic introducer sheath with a length of 10 cm and a diameter ranging from 4 to 9 Fr, with an anti-kink layer, haemostatic valve, dilator, 45 cm guidewire with a diameter of 0.038", and a compatible 18G metal needle with a length of 7 cm for femoral puncture.

Description: Introducer (Set) for Femoral Arterial Access consisting of a hydrophilic introducer sheath with a length of 10 cm and a diameter ranging from 4 to 9 Fr, with an anti-kink layer, haemostatic valve, dilator, 45 cm guidewire with a diameter of 0.038", and a compatible 18G metal needle with a length of 7 cm for femoral puncture.

Internal identifier: 1

5.1.1. Purpose

Main nature of the contract: Supplies

Main classification (cpv): 33000000 Medical equipments, pharmaceuticals and personal care products

5.1.2. Place of performance

Country subdivision (NUTS): Скопски (MK008)

Country: North Macedonia

5.1.3. Estimated duration

Duration: 1 Year

5.1.6. General information

Reserved participation:

Participation is not reserved.

Procurement Project not financed with EU Funds.

The procurement is covered by the Government Procurement Agreement (GPA): no

5.1.9. Selection criteria

Sources of selection criteria: Procurement Document

5.1. Lot: LOT-0060

Title: Microcatheter for CTO, for an antegrade approach (135 cm) and retrograde approach (length 150 cm), catheter outer diameter: proximal 2.8 Fr, distal 2.6 Fr, with a tapered soft tip of 1.3 Fr. The tapered tip visible along its entire length under fluoroscopy. Catheter inner diameter: proximal 0.018", distal 0.015".

Description: Microcatheter for CTO, for an antegrade approach (135 cm) and retrograde approach (length 150 cm), catheter outer diameter: proximal 2.8 Fr, distal 2.6 Fr, with a tapered soft tip of 1.3 Fr. The tapered tip visible along its entire length under fluoroscopy. Catheter inner diameter: proximal 0.018", distal 0.015".

Internal identifier: 60

5.1.1. Purpose

Main nature of the contract: Supplies

Main classification (cpv): 33000000 Medical equipments, pharmaceuticals and personal care products

5.1.2. Place of performance

Country subdivision (NUTS): Скопски (MK008)

Country: North Macedonia

5.1.3. Estimated duration

Duration: 1 Year

5.1.6. General information

Reserved participation:

Participation is not reserved.

Procurement Project not financed with EU Funds.

The procurement is covered by the Government Procurement Agreement (GPA): no

5.1.9. Selection criteria

Sources of selection criteria: Procurement Document

Description: Guidewire for Coronary Interventions constructed with a one-piece stainless steel core and innovative compound-taper design, providing 1:1 torque response, trackability and pushability through the most complex anatomy. The guidewire shall feature Micro-EMT Technology or equivalent, combining high penetration force, tactile feedback, flexibility and control for intraluminal crossing of complex lesions. With a tip diameter of 0.20 mm (0.008"), tip load of 3.0 gf, radiopaque tip length of 3.5 cm, covered with a spring coil, penetration force of minimum 90 gf/mm² and hydrophilic coating, the guidewire shall be suitable for crossing fibrocalcific lesions. Length ranging from 190 to 300 cm.

Description: Guidewire for Coronary Interventions constructed with a one-piece stainless steel core and innovative compound-taper design, providing 1:1 torque response, trackability and pushability through the most complex anatomy. The guidewire shall feature Micro-EMT Technology or equivalent, combining high penetration force, tactile feedback, flexibility and control, and shall be suitable for intraluminal crossing of complex lesions. With a tip diameter of 0.20 mm (0.008"), tip load of 6.0 gf, radiopaque tip length of 3.5 cm, covered with a spring

coil, penetration force of minimum 180 gf/mm² and hydrophilic coating, with a length ranging from 190 to 300 cm.

Internal identifier: 70

5.1.1. Purpose

Main nature of the contract: Supplies

Main classification (cpv): 33000000 Medical equipments, pharmaceuticals and personal care products

5.1.2. Place of performance

Country subdivision (NUTS): Скопски (MK008)

Country: North Macedonia

5.1.3. Estimated duration

Duration: 1 Year

5.1.6. General information

Reserved participation:

Participation is not reserved.
