Section II: Object

II.1. Scope of the procurement

II.1.1. Title

Framework agreement for the procurement of waste containers on wheels

Reference number: 2022/213

II.1.2. Main CPV code

34928480 Waste and rubbish containers and bins

II.1.3. Type of contract

Supplies

II.1.4. Short description

The contracting authority would like to establish a framework agreement with a tenderer, that, in a cost efficient and environmentally friendly manner, can cover our needs for the procurement of waste containers on wheels for providing our services.

II.1.5. Estimated total value

Value excluding VAT: 20 000 000,00 NOK

II.1.6. Information about lots

This contract is divided into lots: no

II.2. Description

II.2.3. Place of performance

NUTS code: NO020 Innlandet

NUTS code: NO02 Innlandet

II.2.4. Description of the procurement

The contracting authority for the procurement is two of the three waste collection companies that are included in the Waste Collaboration 'Innsikt'.

These are:

- Sirkula IKS
- Hadeland og Ringerike Avfallsselskap AS (HRA AS)
- HIKS - Horisont

The framework agreement shall cover the contracting authority's need for waste containers on wheels with supplementing equipment that are required for providing services to users.

Based on historical figures, the framework agreement is expected to have a value of NOK 16 million over a 4 year period. The contract will be valid for a maximum call-off of up to NOK 20 million over the agreement period.

See the tender documentation's Annex 1 for further information.

II.2.5. Award criteria

Criteria below

Quality criterion - Name: Environment / Weighting: 20%

Quality criterion - Name: Quality / Weighting: 40%

Price - Weighting: 40%

II.2.7. Duration of the contract, framework agreement or dynamic purchasing system

Duration in months: 48

This contract is subject to renewal: yes

Description of renewals:

The framework agreement will be valid for 2 years from when the contract is signed. The contracting authority will have the unilateral right to extend the framework agreement on the same terms for an additional 2 years. Triggering of options will occur with intervals of one year + one year.

II.2.10. Information about variants

Variants will be accepted: no

II.2.11.

Information about options

Options: yes

Description of options:

The company 'Horisont' is included as an option holder to the agreement and will consider participation during the agreement period.

The contracting authorities also have the option for prolongation for 1+1 years after the first two years of the framework agreement.

II.2.13. Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds:
no

II.2.14. Additional information

Section III: Legal, economic, financial and technical information

III.1. Conditions for participation

III.1.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions:

The tenderer must be registered in a company register, professional register or a trade register in the country where the tenderer is established.

Norwegian companies: Company registration certificate

Foreign tenderers: Verification that the tenderer is registered in a company register, professional register or a trade register in the country where the tenderer is established.

III.1.2. Economic and financial standing

List and brief description of selection criteria:

The tenderer must have sufficient economic and financial capacity to fulfil the contract as well as any options.

Documentation: A credit rating based on the most recent known accounting figures. The rating must not be older than 3 months from the deadline for receipt of tenders. The rating must be carried out by a credit rating agency with a licence to provide such service.

- Annual accounts for the last accounting year.

Documentation must be linked to the unit by the organisation number that is to be the possible contracted party for the tender, as well as any other resources that will contribute significantly in a possible competition.

III.1.3. Technical and professional ability

List and brief description of selection criteria:

1. The tenderer shall have satisfactory quality assurance routines.

2. The tenderer must have a well-functioning environmental management system, or be certified for environmental management, or can verify a well-functioning environmental management system.

3. The tenderer must have experience from the implementation of equivalent/comparable assignments.

Minimum level(s) of standards possibly required:

1. A description of the tenderer's quality assurance methods. If a tenderer is certified in accordance with ISO 9001 or equivalent standard, it is sufficient to present a copy of a valid certificate.

2. A description of the tenderer's environmental management system.
Alternatively a copy of an attestation or certificate confirming the tenderer's environmental management system, for example EMAS, ISO 14001 or the Eco-lighthouse scheme (Norwegian: Miljøfyrtårn).
3. A List with an overview of the 3-5 most relevant assignments in the last 5 years.
