Section II: Object

II.1. Scope of the procurement

II.1.1. Title

Hand-held Alcometer and Accessories
Reference number: 19/47618

II.1.2. Main CPV code

35200000 Police equipment

II.1.3. Type of contract

Supplies

II.1.4. Short description

The procurement will cover the contracting authority's need to procure and operate hand-held alcometers and accessories during the lifetime of the product. The procurement is intended to be able to replace the current instrument fleet over the framework agreement if there is a need to replace the entire instrument fleet during the contract period. The probably call-off is estimated to be approx. 850 alcometers with associated consumption of mouthpieces and other accessories during the contract period including options. In addition, mouthpieces and other accessories for operation and servicing of the alcometers during the lifetime of the instruments. The combined probably call-off is estimated to be approx. NOK 6 million excluding VAT. In the event of needing to be able to replace a higher proportion of current instruments than the probable estimate, as well as a possible higher need for resupply of accessories during the lifetime of the instruments, the estimated value can be up to NOK 9 million, excl. VAT. See the tender documentation for more detailed information.

II.1.5. Estimated total value

Value excluding VAT: 9 000 000,00 NOK

II.1.6. Information about lots

This contract is divided into lots: no

II.2. Description

II.2.2. Additional CPV code(s)

38300000 Measuring instruments, 38410000 Metering instruments

II.2.3. Place of performance

NUTS code: NO Norge
Main site or place of performance: Jaren.

II.2.4. Description of the procurement

Cf. II.1.4).

II.2.5. Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6. Estimated value

Value excluding VAT: 9 000 000,00 NOK

II.2.7. Duration of the contract, framework agreement or dynamic purchasing system

Duration in months: 24

This contract is subject to renewal: yes

Description of renewals:

Option to extend the contract for 1 year + 1 year up to a total of 4 years.

II.2.10. Information about variants

Variants will be accepted: no

Description of options:

Option to extend the contract for 1 year + 1 year up to a total of 4 years. See the tender documentation.

II.2.13. Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds:
no

II.2.14. Additional information

Section III: Legal, economic, financial and technical information

III.1. Conditions for participation

III.1.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions:

Tenderers must be registered in a company register, professional register or a trade register in the country where the tenderer is established.

Documentation requirement:

— Norwegian companies: company registration certificate;

— foreign companies: verification that the tenderer is registered in a company register, professional register or a trade register in the country where the tenderer is established.

III.1.2. Economic and financial standing

List and brief description of selection criteria:

Tenderers must have sufficient economic and financial capacity to fulfil the contract.

Minimum level(s) of standards possibly required:

Creditworthiness with no requirement for collateral and satisfactory solidity will be sufficient to meet the requirement.

Documentation requirement:

Credit rating based on the most recent accounting figures. The rating must be carried out by a credit rating company with a license to conduct this service. The contracting authority might

also consider obtaining their own credit rating of the tenderer, including a rating, all accounting information and the key figures that the contracting authority deem to be necessary. The contracting authority uses the credit rating company Bisnode for obtaining such information. If a tenderer has valid reasons for not being able to provide the documentation requested by the contracting authority, the tenderer can prove his economic and financial position with any other document that the contracting authority deems suitable. The contracting authority retains the right to obtain a credit rating of the tenderer.

III.1.3. Technical and professional ability

List and brief description of selection criteria:

1) Tenderers must have experience from comparable contracts.

Documentation requirement: description of up to three of the tenderers most relevant /comparable assignments during the last 3 years. Relevant assignments means, for example, the same type or similar deliveries to the police, armed forces, or other public entities. The list must include a statement of the deliveries' value, dates and recipients (name, telephone number and email address). It is the tenderer's responsibility to confirm relevance through the description. Tenderers can document experience by referring to the competence of the personnel that he can use for this assignment, including experience that has been acquired while the personnel carried out services for another service provider. The contracting authority can also emphasise any of its own documented experience with relevant tenderers. The contracting authority can contact the stated references for verification.

2) Tenderers must have a good and well-functioning quality assurance and management system for the services that will be provided.

Documentation requirement: tenderers shall submit documentation of their quality assurance and management system. The following documentation will be accepted: a certificate of the company's quality assurance system/quality management system, issued by independent bodies confirming that the tenderer meets quality assurance standards in accordance with ISO 9001 or equivalent, or a description that as a minimum includes the company's procedures /routines for: non-conformance and complaint handling, approval and follow-up of subcontractors, the process from receipt and registration of orders, and until delivery to the client has taken place.

3) The tenderer must have an environmental management system.

Documentation requirement: the tenderer must submit documentation of their environment management system. The following documentation will be accepted: valid attestations /certificates issued by independent bodies (e.g. ISO 14001, EMAS, Eco Lighthouse or equivalent) or a description of the tenderer's own environmental management system. The description must as a minimum include an environmental policy and environmental goals.
