## **Section III: Legal, economic, financial and technical information**

---

### **III.1. Conditions for participation**

#### **III.1.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers**

List and brief description of conditions:

Foreign tenderers must present documentation that confirms that the company is legally registered in its home country. Norwegian tenderers do not need to document fulfilment of this requirement beyond the presentation of tax and VAT certificates, cf. the information below.

Norwegian tenderers:

Tax and VAT certificate (RF-1316). The certificate can be ordered via [www.altinn.no](http://www.altinn.no). The certificate must not be more than 6 months from the tender deadline.

### **III.1.2. Economic and financial standing**

List and brief description of selection criteria:

Tenderers must have sound finances, which includes that the tenderer must be credit worthy.

Minimum level(s) of standards possibly required:

Credit assessment of the tenderer, not older than 6 months, calculated from the deadline for receipt of tenders. The result of the credit rating must be given as a graded value (letters or numbers) on a defined scale. The credit rating must contain an assessment of the tenderer's payment history/reliability.

NOTE: If a tenderer, in order to comply with the requirement, presents guarantees from other companies (e.g. the parent company), an equivalent credit rating must be submitted for that company. Furthermore, a legally binding confirmation must be enclosed from this company stating that they have joint and several liability under the contract.

Newly established companies that cannot provide a relevant credit rating can attach alternative documentation including, amongst other things, the accounts/balance, key figures, payment history and payment remarks.

### **III.1.3. Technical and professional ability**

List and brief description of selection criteria:

1) Tenderers (as a company) must have relevant experience and competence with deliveries of an equivalent nature and scope to this contract.

2) Tenderers must have the capacity to carry out the assignment under the framework agreement.

3) Tenderers must have satisfactory control systems within environment management that cover the activities included in the contract.

Minimum level(s) of standards possibly required:

1) An overview of the most important relevant deliveries of the relevant product that the tenderer has carried out in the last five years, together with information on the contract value, dates of execution and name of the recipient within the lot a tender is submitted for. The Norwegian Defence Estates Agency retains the right to contact the provided reference persons in order to confirm the information.

2) A statement of the tenderer's average workforce and the number of employees in the management in the last three years.

A description of the proportion of the contract that the tenderer is considering to use sub-suppliers for.

Annex 3 'sub-supplier overview' is to be completed for the geographical sub-area that the tender is submitted for.

3) Description of environment management measures.
