Procurement Project fully or partially financed with EU Funds.

The procurement is covered by the Government Procurement Agreement (GPA): yes

Additional information: The information under point “Duration of the contract, framework agreement or dynamic procurement system” was only provided because it is a mandatory field. In fact, a supply contract is concluded, which generally ends with the delivery, installation, commissioning, training and acceptance. The actual term will therefore only be determined after installation, commissioning and acceptance. The successful bidder is a

Japanese company and therefore does not have a national identification number or a NUTS code. As these fields are mandatory, the value "1" was entered for the national identification number, and the NUTS code and country of the contracting authority were used instead.
