Section IV: Procedure

IV.1. Description

IV.1.1. Type of procedure

Award of a contract without prior publication of a call for competition in the Official Journal of the European Union in the cases listed below

- The works, supplies or services can be provided only by a particular economic operator for the following reason:
 - absence of competition for technical reasons

Explanation:

The procurement will be made as a direct procurement for technical reasons. VAV needs a contract for service, support, maintenance, and development of the DV system, which VAV previously procured. No other suppliers than the current supplier can carry out service and maintenance on Prevas Connector's developed portals and adaptations, which are a central part of the system, due to the supplier's application and source code being protected by intellectual property right. Other suppliers are therefore cut off from carrying out the operation, service, and further maintenance of the DV system.
