2. Procedure

2.1. Procedure

Title: Security guard services, security guard services and alarm station services.

Description: The Joint Procurement Office (FIK) needs to enter into a framework agreement with a tenderer for security guard services, security guard services and alarm station services on behalf of Vestby municipality, Ås municipality and Frogn municipality, hereafter called the contracting authority.

Procedure identifier: ac9718a5-2910-4b5e-ab03-69dbe0202faa

Internal identifier: 26/01533

Type of procedure: Open

The procedure is accelerated: no

Main features of the procedure: The objective of the procurement is to ensure the company access to qualified and reliable service providers of security guard services, security guard services and alarm station services. The services shall contribute to the prevention, detection and management of unwanted events, safeguard personal safety and protect property and values. The services shall support the company's total security and stand-by work, including requirements for predictability, availability, quality of delivery and compliance with applicable laws, regulations and internal guidelines. The need for security, security and stand-by must be expected to change over time, including as a result of changed threats, organisational

changes, changed use of premises and technological development. There is, therefore, a need for a system that can be adapted to varying extents and character of the need within the contract period.
