**II.1.4. Short description**

The national vocational driver training program at Sam Eyde Sixth Form College is requesting tender offers for a school-equipped lorry with hook lift.  
Tender offers are requested for a lorry, 3-axle, with a 20-ton hook-lift body for traffic training class C/CE. The vehicle must be approved in accordance with the applicable requirements, cf. regulations on traffic training and driving tests.

The market is currently very limited for alternative powertrain vehicles with sufficient range. In addition, poorly developed infrastructure further limits the suitability of such vehicles for our driving training needs.

This round therefore calls for traditional diesel vehicles with an engine of the highest possible environmental class.

The desired delivery date is in the beginning of 2023. But based on experience with the current uncertainties regarding the delivery situation, delivery date will not be a weighted point.
