II.1.4. Short description

Sjøfartsdirektoratet (the Norwegian Maritime Authority) requests tenders for IT sourcing services regarding professional and reliable operation and accessibility of the Authority's IT systems. Sjøfartsdirektoratet is increasingly moving towards the use of cloud services as a part of its operational services, and the tender documentation and requirements specification reflect this.

Sjøfartsdirektoratet needs a tenderer that facilitates and manages the platforms that Sjøfartsdirektoratet must provide, not least as a basis for its professional applications. Sjøfartsdirektoratet develops and manages several internal developed professional applications, where the focus is to develop these professional applications in the cloud and discontinue proprietary on-prem professional applications.

A detailed overview of the services that will be included in the delivery can found in the Requirements Specification (Annex 1 of the contract), point 2.2.
