Section II: Object of the contract

II.1. Description**II.1.1. Title**

The Replacement of Exhaust Pipes from a Gas Turbine on Nansen Class Frigates — Pre-qualification

II.1.2. Type of contract and place of performance or delivery

Supplies

Purchase

NUTS code NO051 Hordaland

II.1.3. Information about framework agreement**II.1.4. Short description of the contract or purchase(s)**

The Norwegian Defence Logistics Organisation (NDLO) would like to procure the replacement of exhaust pipes from the gas turbine GE LM2500 on Nansen class frigates.

The procurement includes engineering/design, production, disassembly of existing pipes with a diffuser and I.R.S.S. nozzle, and assembly of a new pipe with a diffuser and reassembly of I. R.S.S. on 1 (one) vessel.

NDLO will have an option to replace exhaust pipes from gas turbines on a further 3 (three) vessels.

Due to the Norwegian Armed Forces' pattern of operation with a high number of cycles, the new system will be required to have so-called 'cold-casing' technology. Tenderers are therefore required to have experience with this. See the qualification requirement on experience.

II.1.5. CPV code(s)

35521100 Engines and engine parts for warships, 34325200 Exhaust pipes, 50640000 Repair and maintenance services of warships
