Norway – Engineering services – Consulting engineers, and associated services etc.

OJ S 169/2026 02/09/2026

Contract or concession notice – standard regime

Services

1. Buyer

1.1. Buyer

Official name: Agder fylkeskommune

Email: postmottak@agderfk.no

Legal type of the buyer: Body governed by public law, controlled by a regional authority

Activity of the contracting authority: General public services

2. Procedure

2.1. Procedure

Title: Consulting engineers, and associated services etc.

Description: We must republish due to a change of supplier. This publication will take place after the old invitation published on Consulting Engineers, and Associated Services etc. | See the attached documents for complete information on dynamic procurement system. Tenderers who are approved in the EU supply notice will be moved over to the new scheme. New applications must be submitted in this competition. Agder fylkeskommune (the contracting authority) invites interested tenderers to apply for admission in a dynamic procurement scheme (DIO) for consultancy engineering services, and associated services etc. See point 2.2 for a trade overview. Associated units that shall be on option: · Agder kollektivtrafikk AS · Arkivsenter Sør IKS · Aust-Agder Museum and Archives IKS · Vest-Agder museum IKS

Description The aim of the scheme is to ensure assistance for the contracting authority, both professionally and process wise for projects if the contracting authority does not have the capacity to carry out the work itself. The need will mainly be within consultancy and engineering design services in projects, for example sketch phases, preliminary projects, zoning plan with technical detailed plan, construction plan with tender documentation, as well as follow-up in the construction phase. In cases where the contracting authority carries out projects itself, the scheme can be used to request individual subjects and/or further capacity if the contracting authority cannot cover the need in their own organisation. Agder county shall be able to hold mini competitions across the organisation in the relevant categories. Some of the disciplines are overlapping, but chosen to be placed under one category or the other. Exception from this DIO: The previous Department for Development Road, with the sections Development Road West, Resource and Development Road East, which are now reorganisations to the Road Resources and Road Development departments have a separate DIO that covers the following areas: See the attached documents for a complete description of the dynamic purchasing system. Scope of consultancy engineering services This scheme shall cover consultancy engineering services within the disciplines below in the table. Most of the engineering services are within these disciplines. If it turns out that we need consultancy engineering services in other disciplines and we do not have a framework agreement for the disciplines, we reserve the right to announce a mini competition among the qualified tenderers in the DIO scheme. See the attached documents for a complete description of the dynamic purchasing system. Competitions under the scheme Under the scheme, both assistance under

the customer's management and concretely defined and limited assignments can be competitive with mini competitions. All qualified tenderers within the scheme will receive the tender documentation. If procurements are needed under the scheme, a tender documentation will be prepared that describes the contracting authority's needs, requirements and contract terms for the service as well as award criteria. The tender documentation will be distributed via EU-supply to all tenderers included in the scheme. The tender deadline will be at least 10 days. NS8401, NS8402, NS8403 and NS8404 with any additions and amendments will form the basis for the competitions that are carried out in the scheme. Other relevant NS standards can be applied to the actual assignment if they are more appropriate. When holding competitions, the contracting authority will base the award of contract on the basis of one of the alternatives below: a) Lowest price b) The lowest cost or c) The best relationship between price/cost and quality where quality is evaluated according to the following criteria: 1. CVs for the offered personnel with up to 5 relevant reference projects. 2. Delivery Description The award criteria and their weight/prioritisation will be clarified in each tender documentation, as they must be adapted to the need that will form the basis for each mini competition. Notification of contract award will be given to all participants in the relevant competition. The waiting period for awarding contracts under dynamic purchasing schemes is not required. The competition results will be published.

Procedure identifier: 09c251d8-2fb4-4bf8-b939-83e47d11e887

Internal identifier: cmssknxqf000604l22dlrz3xl

Type of procedure: Restricted

The procedure is accelerated: no

Main features of the procedure: All can apply for participation, but only a selection of qualified tenderers will be invited to submit a tender. The actual tender phase will occur without a dialogue or negotiation beyond minor clarifications and corrections of the tenders. Tenderers are strongly encouraged to follow the instructions given in this tender documentation with annexes and possibly ask questions about uncertainties in the communication module in Hyrr.

2.1.1. Purpose

Main nature of the contract: Services

Main classification (cpv): 71300000 Engineering services

Additional classification (cpv): 71000000 Architectural, construction, engineering and inspection services, 71240000 Architectural, engineering and planning services, 71210000 Advisory architectural services, 71250000 Architectural, engineering and surveying services, 71310000 Consultative engineering and construction services, 71320000 Engineering design services, 71330000 Miscellaneous engineering services, 71340000 Integrated engineering services, 71500000 Construction-related services, 71520000 Construction supervision services, 71530000 Construction consultancy services, 71540000 Construction management services, 71700000 Monitoring and control services

2.1.2. Place of performance

5.1.1. Purpose

Main nature of the contract: Services

Main classification (cpv): 71300000 Engineering services

Additional classification (cpv): 71000000 Architectural, construction, engineering and inspection services, 71240000 Architectural, engineering and planning services, 71210000 Advisory architectural services, 71250000 Architectural, engineering and surveying services, 71310000 Consultative engineering and construction services, 71320000 Engineering design services, 71330000 Miscellaneous engineering services, 71340000 Integrated engineering services, 71500000 Construction-related services, 71520000 Construction supervision services, 71530000 Construction consultancy services, 71540000 Construction management services, 71700000 Monitoring and control services

Options:

Description of the options: Dynamic purchasing system. The length of the scheme can be further expanded.

5.1.2. Place of performance

Postal address: Tordenskjold gate 25

Town: Kristiansand S

Postcode: 4612

Country subdivision (NUTS): Agder (NO092)

Country: Norway

Additional information: Norway

5.1.3. Estimated duration

Start date: 21/02/2026

Duration end date: 20/02/2030

5.1.5. Value

Estimated value excluding VAT: 124 000 000,00 NOK

5.1.6. General information

Reserved participation:

Participation is not reserved.

Procurement Project not financed with EU Funds.

The procurement is covered by the Government Procurement Agreement (GPA): yes

5.1.9. Selection criteria

Sources of selection criteria: Procurement Document

5.1.10. Award criteria

Criterion:

Type: Quality

Name: Quality

Description: See point 3.1 in the attached document. The weighting will be assessed and decided in the mini competition, see point 3.1 in the attached document. The best relation between price/cost and quality where quality is evaluated according to the following criteria: 1. CVs for the offered personnel with up to 5 relevant reference projects. 2. Delivery Description
Category of award weight criterion: Weight (percentage, exact)

Award criterion number: 30

Criterion:

Type: Cost

Name: Lowest cost

Description: See point 3.1 in the attached document. Weighting towards quality and any pure cost competition will be announced and decided in the mini competition where all qualified tenderers will be invited to.

Category of award weight criterion: Weight (percentage, exact)

Award criterion number: 30

Criterion:

Type: Price

Name: Price

Description: See point 3.1 in the attached document. Weighting against quality and any pure price competition will be announced and decided in the mini competition where all qualified tenderers will be invited to. Other types of price elements can occur together with changes in tentative hours (for weighting inter-consultants)

Category of award weight criterion: Weight (percentage, exact)

Award criterion number: 40

Criterion:

Type: Quality

Name: Climate and environment

Description: The procurement has a climate footprint and an environmental impact that is immaterial

Category of award weight criterion: Weight (percentage, exact)

Award criterion number: 0

5.1.11. Procurement documents

Address of the procurement documents: <https://hyyr.no/procurement/cmssknxqf000604l22dlrz3xl>

5.1.12. Terms of procurement**Terms of submission:**

Electronic submission: Required

Address for submission: <https://hyyr.no/procurement/cmssknxqf000604l22dlrz3xl>

Languages in which tenders or requests to participate may be submitted: Norwegian, English

Electronic catalogue: Not allowed

Tenderers may submit more than one tender: Not allowed

Deadline for receipt of requests to participate: 20/02/2030 12:00:00 (UTC+01:00) Central European Time, Western European Summer Time

Terms of contract:

The execution of the contract must be performed within the framework of sheltered employment programmes: No

Conditions relating to the performance of the contract: See Tender Documents
Electronic invoicing: Required
Electronic ordering will be used: no
Electronic payment will be used: no
Financial arrangement: See tender documents

5.1.15. Techniques

Framework agreement:

No framework agreement

Information about the dynamic purchasing system:

Dynamic purchasing system, only usable by buyers listed in this notice
