no

II.2.14. Additional information

Section III: Legal, economic, financial and technical information

III.1. Conditions for participation

III.1.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions:

Tenderer must have proper conditions regarding the payment of tax and value-added tax. Documented by value tax certificate (national requirements) and company tax certificate (national requirements) not older than 6 months from the date of submission of tenders, issued by the competent authority confirming that the tenderer has fulfilled obligations regarding payment of taxes, social security contributions and VAT. Any arrears and other irregularities must be justified.

The tenderer must be a legally registered company. Documented by evidence of enrolment in the professional trade register, as required by national law in the country where the tenderer is established. For Norwegian suppliers, this will be a company registration certificate from Brønnøysundregistrene.

The tenderer must, by means of signed self-declaration, document that ILO Convention No 94 on pay and working conditions is complied with self-declaration of health, safety environment policy.

III.1.2. Economic and financial standing

List and brief description of selection criteria:

The tenderers profitability and financial position will be considered when selecting supplier. The awarding Authority will obtain information from Dun & Bradstreet Norway. Credit rating A "worthy of credit" with sub-appraisal on finance equivalent to "acceptable" and solvency equivalent to "acceptable" will be required. Any sub-supplier the tenderer wants to use for exchange tradings of electricity must also fulfill the requirements. For newly established tenderer where credit rating is not attainable, minimum 5 000 000 NOK in invested equity will be required. The above listed requirements will be withdrawn if the tender includes bank guarantee or guarantee from parent company which meets the specified requirements for credit ratings and sub-appraisals. The guarantee must include all obligations given in the contract.

The tenderer shall not be bankrupt, demanded bankrupt, subject to insolvency proceedings, in liquidation or demanded forcibly dissolved. Documented by certificate issued by competent authority confirming that the supplier satisfies the requirement. The certificate must not be older than 6 months and can for Norwegian suppliers be ordered at the bankruptcy register in Brønnøysund.

III.1.3. Technical and professional ability

List and brief description of selection criteria:

The tenderer must document implementation capacity.

Documented with an overview of the most principal deliveries carried out in the period 2018 - 2021 with information on turnover in NOK, delivery time and recipient.

In order to qualify, the overview must include a minimum of three deliveries in the period 2018 - 2021, which have added annual turnover per customer of minimum 1 000 000 NOK ex. VAT. A total of three deliveries regardless of whether they were carried out during the same delivery year, or during the four years. A group of customers is not considered to be the same buyer in this context.

The tenderer must have concession for delivery of electric power. This will be controlled by The awarding Authority in accordance to The Norwegian Water Resources And Energy Directorates register of concessionaires. This requirement is therefore not required to be documented.
