Title: Procurement of electricity for the needs of the Municipality of Kičevo and for the needs for a period of one year for the needs of primary and secondary schools and for the needs of public institutions established by the Municipality of Kičevo, for a period of one year - group procurement

Description: Procurement of electricity for the needs of the Municipality of Kičevo and for the needs for a period of one year for the needs of primary and secondary schools and for the needs of public institutions established by the Municipality of Kičevo, for a period of one year - group procurement

Procedure identifier: d2fc52ec-3fae-449b-9eef-c4ad587705eb

Internal identifier: 14961/2026

Type of procedure: Open

The procedure is accelerated: yes

Justification for the accelerated procedure: The procurement will be carried out with shortened deadlines due to the urgent need to provide the services in question in a timely manner, in order to avoid a vacuum period between the expiration of the existing activities and the start of the new contract. If the procedure is carried out with the regular deadlines, there is a real risk that the procedure will not be completed on time, which would lead to an interruption in the provision of services and could cause negative consequences for the smooth functioning of the Municipality of Kičevo. Taking into account the above, shortening the deadlines is necessary for the timely completion of the procedure and ensuring continuity in the provision of services.
