II.1.4. Short description

Procurement of a framework agreement for consultancy services for the following special fields:

Program and Project management

Process management and process development

Design competence and service design

Business development

Business management

The main tasks include assisting the Norwegian Water Resources and Energy Directorate (Norwegian: NVE) with assignments for the following fields:

- 1) Program and project management, process development and process management
- 2) Business development and business management
- 3) Design competence and service design

The objective of the framework agreement is to ensure the Norwegian Water Resources and Energy Directorate (Norwegian: NVE) access to qualified consultants who must cover the need for assistance and support for our tasks and projects.

The estimated total value of the procurement is between NOK 25 and 35 million excluding VAT in the agreement period with options. We therefore estimate the maximum tentative total value to NOK 50 million excluding VAT for the framework agreement to ensure unexpected needs for call-offs.
