The contracting authority will have an option to buy out the wheeled loader at the end of the lease agreement. The buy-out price at the end of the lease must be stated.

The contracting authority will also have the opportunity to buy out the wheeled loader before the lease agreement expires if desired by the contracting authority.

We are unsure of what the price will be in the current market, but estimate a total cost of NOK 2,500,000 excluding VAT, for a total package for leasing and a service agreement for 5 years, as well as buy-out after the end of the lease agreement.

There will also be an option to trade in the current wheeled loader upon delivery of the new wheeled loader. The estimated trade-in price must be stated.
