Care plans and professional basis for terrestrial nature

Reference number: 2021/191

II.1.2. Main CPV code

90710000 Environmental management

II.1.3. Type of contract

Services

II.1.4. Short description

Public administrators have, as the management authority for protected areas and endangered nature, a need for professional reviews of the existence of species and eco-systems, and the conditions that affect them.

This involves either comparing existing knowledge on species and eco-systems, and/or obtaining new knowledge through field registrations.

In some cases assistance with project follow-up, evaluation, and checking results can be required. The delivered product will be in the form of a professional report, professional note, or draft of a management document such as conservation goals, care, action, or management plan, etc.

The public administrator also needs care plans for terrestrial eco-systems to be prepared and reviewed, in accordance with established templates and standards.
