2.1. Procedure

Title: Framework agreement, Communication and Marketing Services.

Description: The contracting authority needs to enter into a framework agreement with a tenderer for the procurement of communication and marketing services. Please note that job advertisements and film production will not be included in this framework agreement. See chapter 4 for further details on the procurement's purpose and requirements. The contracting authority is uncertain about the extent of the procurement, but based on average calculations based on statistics information for 2023-2025, an annual contract value of approx. NOK 1,200,000 is estimated excluding VAT. The total estimated contract value, including options, is approx. NOK 4,800,000 excluding VAT. Emphasis is put on the fact that the estimated contract value is only of an informative character and does not represent any obligations for the contracting authority or rights for the tenderer. The contracting authority draws attention to the fact that the actual contract value can vary, partly as a result of a decision that municipal sub-plans and other types of plans are likely to be prepared internally in the municipality, as well as changed financial framework terms, organisational changes and municipal activity. Tenderers cannot demand compensation if the expected procurement is lower than expected. Based on the estimated value of the contract, the contracting authority has stated the maximum contract value, c.f. the Court of Justice's case C-23/20. The maximum contract value is + 15% above the estimated value, calculated to NOK 5,520,000 excluding VAT.

The contract will be awarded in accordance with the open tender contest procedure, cf. the Public Procurement Regulations § 13-1 (1). Negotiations are not allowed in this competition. Tenders cannot, therefore, be changed after the tender deadline has expired.
