Tenders or requests to participate must be submitted electronically via: <https://permalink.mercell.com/145230674.aspx>

I.6. Main activity

Other activity: Sewage treatment

Section II: Object

II.1. Scope of the procurement

II.1.1. Title

Gardermoen Wastewater Treatment Plant — Installation Contract, ET01

II.1.2. Main CPV code

45111200 Site preparation and clearance work

II.1.3. Type of contract

Works

II.1.4. Short description

Ullensaker Municipality will expand the capacity at Gardermoen wastewater treatment plant. In addition to a considerable capacity expansion, the new Gardermoen wastewater treatment plan must fulfil significantly more stringent requirements on the reduction of the total amount of phosphor used in the treatment process.

The expansion of Gardermoen wastewater treatment plant, the UGRA project, will consist of several different contracts. In this project, Ullensaker Municipality has chosen to put preparatory work and installation in a separate contract (ET01) that will be held parallel to the procurement of the construction contract in order to save time.

II.1.5. Estimated total value

II.1.6. Information about lots

This contract is divided into lots: no

II.2. Description

II.2.2. Additional CPV code(s)

44161000 Pipelines, 44211100 Modular and portable buildings, 45111220 Scrub-removal work , 45233220 Surface work for roads, 45233300 Foundation work for highways, roads, streets and footpaths, 45311000 Electrical wiring and fitting work, 77210000 Logging services

II.2.3. Place of performance

NUTS code: NO012 Akershus

Main site or place of performance: Gardermoen.

II.2.4. Description of the procurement

The installation contract roughly covers:

- improving the existing site road;
- felling woods, including the removal and disposal of the removed woods (trees and branches);
- field improvements with the removal of stumps, roots, etc., left over from felling woods and the removal of the upper thin growth layer;
- establishment of a site road halfway to the construction pit;
- establishment of electricity to the barracks from exits in the site transformer and exits in boards in the existing treatment plant;
- establishment of barracks for the operations organisation at the treatment plant;
- establishment of barracks for contractors and the builder organisation;
- establishment of a store area;
- establishment of a flushing station for lorries, etc.;
- casting concrete plates to protect existing infrastructure;
- fencing in the site area.

Established hire contracts for barracks and the flushing station for lorries must be transferred from the installation contractor to Ullensaker Municipality at the time of the hand over.

II.2.5. Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6. Estimated value

II.2.7. Duration of the contract, framework agreement or dynamic purchasing system

Start: 01/03/2021 End: 15/06/2021

This contract is subject to renewal: no
