---

**Section II: Object**

**II.1. Scope of the procurement**

**II.1.1. Title**

Framework agreement for digital radio communication and associated equipment.

Reference number: 22/1522

**II.1.2. Main CPV code**

51311000 Installation services of radio equipment

**II.1.3. Type of contract**

Services

**II.1.4. Short description**

The Ministry of Foreign Affairs would like to enter into a framework agreement with a tenderer for the procurement of digital radio communication and associated equipment and services for the Norwegian Foreign Services that the ministry's own capacity and competence cannot cover. The procurement will mainly consist of digital radio equipment (DMR) such as base

stations, vehicle-mounted radios and handsets, as well as installation services for the equipment.

1-2 installations of complete communication systems are scheduled a year, in addition to replacements of older communication equipment in some foreign service stations. The estimated value of the framework agreement is from NOK 1,500,000 excluding VAT to NOK 3,000,000 excluding VAT for the entire framework agreement period.

#### **II.1.6. Information about lots**

This contract is divided into lots: no

#### **II.1.7. Total value of the procurement**

Value excluding VAT: 3 000 000,00 NOK

### **II.2. Description**

#### **II.2.2. Additional CPV code(s)**

32230000 Radio transmission apparatus with reception apparatus, 45314000 Installation of telecommunications equipment

#### **II.2.3. Place of performance**

NUTS code: NO081 Oslo

#### **II.2.4. Description of the procurement**

The Ministry of Foreign Affairs would like to enter into a framework agreement with a tenderer for the procurement of digital radio communication and associated equipment and services for the Norwegian Foreign Services that the ministry's own capacity and competence cannot cover. The framework agreement will have a duration of two years, and an option to extend the agreement for two more years - one year at the time (2+1+1)

The procurement will mainly consist of digital radio equipment (DMR) such as base stations, vehicle-mounted radios and handsets, as well as installation services for the equipment. Tenderers must be able to provide training in the equipment and must be able to answer questions from users in the foreign service stations, as well as centrally from the Ministry of Foreign Affairs. The framework agreement will also include replacing material, possibly repairing old and/or faulty equipment that has been sent home. Some of the stations still have analogue VHF communication.

1-2 installations of complete communication systems are scheduled a year, in addition to replacements of older communication equipment in some foreign service stations.

The estimated value of the framework agreement is from NOK 1,500,000 excluding VAT to NOK 3,000,000 excluding VAT for the entire framework agreement period. The estimated value is not binding for the contracting authority. The estimates are very uncertain, as, amongst other things, the security situation at the foreign service stations is constantly changing. This will depend on measures resulting from the stations' risk assessments.

#### **II.2.5. Award criteria**

Quality criterion - Name: Competency of the offered personnel / Weighting: 40

Price - Weighting: 60

#### **II.2.11. Information about options**

Options: yes

Description of options:

Option for a contract extension for 1+1 year.

#### **II.2.13.**

## Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds:  
no

### II.2.14. Additional information

#### Section IV: Procedure

---
