II.2.9. Information about the limits on the number of candidates to be invited

Envisaged number of candidates: 5
Objective criteria for choosing the limited number of candidates:

The contracting entity will pre-qualify five tenderers.

The selection takes place based on the information provided by the applicant in the ESPD. The tenderers will be selected from among compliant and qualified applicants. The selection will be based on an assessment of the applicant's financial qualifications and the applicant's references, with the main importance being attached to the applicant's references. In the assessment of the applicant's references, importance will be attached to the references documenting experience with supply electric buses of roughly the same size and complexity over the past 5 years.

In the selection process, the contracting entity attaches special importance to the applicant being able to document, via references, experience with the following:

- supply of electric buses of roughly similar sizes (same quantity or larger and preferably the same bus types);
- similar charging method i.e. depot charging.

References from northern Europe (or similar climates) are weighted higher than references from southern Europe (or similar climates). For example, there are other requirements for rust protection in the Nordic climate (and/or coastal), weather conditions have an impact on, for example, range, etc.

In relation to complexity, the description could contain information about batteries, range, rust protection, etc.

II.2.10. Information about variants

Variants will be accepted: no
