**II.1.4. Short description**

Vesar AS is an inter-municipal company owned by Horten, Holmestrand, Larvik, Færder, Sandefjord and Tønsberg Municipalities. The municipalities have a statutory obligation to treat household waste, and VESAR carries out these assignments on behalf of the owner municipalities.

The aim of the procurement is to have secure and environmentally friendly collection, transport, and treatment of residual waste for energy utilisation. In the long term, VESAR would like systems for increased material recycling of the residual waste content, but we believe that the market cannot offer such systems yet.

Vesar would like to stimulate the use of biogas from food waste, sewage sludge, pet manure, etc., as a replacement for fossil fuel when transporting residual waste.
