The procurement is related to a project and/or programme financed by European Union funds:
no

II.2.14. Additional information

Section III: Legal, economic, financial and technical information

III.1. Conditions for participation

III.1.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions:

Requirements: Tenderers must be a legally established company.

Documentation:

Norwegian companies: Company registration certificate or a printout from the Unit Register for sole proprietorships not required to register.

Foreign tenderers: Verification that the tenderer is registered in a trade or business register as prescribed by the law of the country where the tenderer is established. The verification can be submitted in writing or by referring to BRIS.

III.1.2. Economic and financial standing

List and brief description of selection criteria:

Requirement for Norwegian companies: Paid taxes and duties.

Documentation:

A certificate, not older than 6 months, which verifies that the tenderer has fulfilled the obligations of payment of taxes, social security contributions and VAT. The certificate can be ordered and obtained from Altinn by using a separate link on skatteetaten.no. If this is not possible, it can be ordered from the tax collector or the Norwegian Tax Administration. The certificate is electronically certified and is therefore not signed. For further information, see skatteetaten.no.

Requirement: Tenderers must have sufficient economic and financial capacity to carry out the delivery, in which, among other things, being creditworthy without any requirement for collateral will be adequate.

Documentation:

A credit rating with key figures from a recognised credit assessment company, or other form of documentation to verify that the requirement has been met.

III.1.3. Technical and professional ability

List and brief description of selection criteria:

Requirement: Tenderers must have sufficient ability and experience to carry out the delivery.

Documentation:

A description of the tenderer's three most relevant assignments in the last three years, together with information about the contracts values, dates of deliveries or executions and names of recipients.

Relevant assignments are defined as projects that have applied advanced statistical methods, machine learning, analysis of big data, etc. Analyses of crime statistics are also relevant.

The tenderer is responsible for ensuring that the description is of such a nature that it verifies that the requirement has been met.

Section IV: Procedure

IV.1. Description
