5.1.6. General information

Reserved participation:

Participation is not reserved.

Procurement Project not financed with EU Funds.

The procurement is covered by the Government Procurement Agreement (GPA): yes

5.1.9. Selection criteria

Sources of selection criteria: European Single Procurement Document (ESPD), Notice

Criterion: Enrolment in a trade register

Description of selection criterion: Requirement: Tenderers shall be registered in a company register, professional register or a commerce register in the country where the tenderer is established. Documentation requirement: Temporarily declared in the tender letter, documented on request Documented on request: • Norwegian companies: Company Registration Certificate. • Foreign companies: Verification that the tenderer is registered in a company register, professional register or a commerce register in the country where the tenderer is established.

Criterion: Other economic or financial requirements

Description of selection criterion: Requirement: Tenderers shall have sufficient economic and financial capacity to fulfil the contract. Credit rating B, credit worthy with security is sufficient to meet the requirement. Tenderers must have positive equity. Documentation requirement: Documented on request: • Credit evaluation/rating, not older than 3 months, based on the last known accounting figures. The rating shall be carried out by an officially certified credit rating institution. • The contracting authority reserves the right to obtain further credit ratings or other financial information that, but not limited to annual financial statements including notes, the board's annual reports and auditor's reports. • If a tenderer has a justifiable reason for not submitting the documentation required by the contracting authority, he can document his economic and financial capacity by presenting any other document that the Contracting Authority deems appropriate.

Criterion: References on specified deliveries

Description of selection criterion: Requirement: Tenderers shall have experience with the execution of comparable assignments of a comparable nature and extent. 'comparable' means the delivery of comparable size and complexity. Documentation requirement: Tenderers shall, in Annex 5 Experience from comparable assignments, describe the 3 most relevant assignments in the last 3 years. The list shall as a minimum contain: • The name of the customer/contracting authority. • Brief description of the delivery, • Date of the delivery, • Contract value and scope, • A gender neutral preferred for each delivery, as well as a telephone number and email address. The contracting authority reserves the right to contact the listed references in order to verify the extent and quality.

Criterion: Certificates by independent bodies about quality assurance standards

Description of selection criterion: Requirement: Tenderers are required to have a well-functioning quality assurance system, or are certified for quality assurance. Documentation requirement: Documented on request: If the tenderer is not certified, a description shall be given of the tenderer's system (routines and measures) for quality assurance and any further documentation/certificates that concretely show what type of system the tenderer has and be

able to document the following: a) Documented method/procedure for planning and carrying out assignments included in the framework agreement. b) Description of routines for self-control when performing the work c) Description of the company's system for following-up deviations and unwanted events, as well as other improvement work including revisions of the system. d) Description of the company's risk management system, including HSE e) Description of the company's alteration management system. f) Description of the company's system for following-up any sub-suppliers. If a tenderer is certified in accordance with ISO 9001:2015 or equivalent quality assurance standards and the certification covers the delivery, it is sufficient to enclose a copy of a valid certificate.

Criterion: Certificates by independent bodies about environmental management systems or standards

Description of selection criterion: Requirement: Tenderers are required to have an environmental management system. Documentation requirement: Temporarily declared in the tender letter, documented on request • Documentation of an environmental management system. An account of the tenderer's existing routines and documentation that the requirement for the environmental management system applicable for the assignment is met. If this is described in the tenderer's environmental management system iht. ISO 14001, EMAS, Miljøfyrtårn or equivalent, documentation of this can be enclosed. If a tenderer does not have an environmental management system, the tenderer must be willing to implement it within six months of the contract being signed. This shall be documented in writing.

5.1.10. Award criteria

Criterion:

Type: Price

Name: Price

Description: The total evaluation sum in Annex 4A - Price Form will be assessed under this criteria.

Category of award weight criterion: Weight (percentage, exact)

Award criterion number: 50

Criterion:

Type: Quality

Name: Service/Response Time

Description: The contracting authority will evaluate the offered service and stand-by system for the machines based on the tenderers' responses to requirements no. 3.6, 3.7 and 3.8. The measures and systems are binding for the tenderer throughout the entire contract period.

Emphasis will particularly be put on the ability to ensure quick and efficient handling of critical operational errors, including, for example: • Actual availability of service technicians, including capacity based on operative machines within the technicians' catchment area. • Response time • Availability of spare parts The evaluation will be based on an overall assessment of the description of the service and the stand-by system that the tenderer has described.

Category of award weight criterion: Weight (percentage, exact)

Award criterion number: 50

5.1.11. Procurement documents

Languages in which the procurement documents are officially available: Norwegian
