II.2. Description

II.2.3. Place of performance

NUTS code: UKI63 Merton, Kingston upon Thames and Sutton

Main site or place of performance: Merton, Kingston upon Thames and Sutton.

II.2.4. Description of the procurement

The Trust aims to ensure that their existing on-site energy centre is used as efficiently and effectively as possible in a manner that reduces energy costs and carbon emissions. The Trust was therefore seeking to install a battery storage solution at Kingston Hospital with the following requirements:

- a containerised, modular system capable of relocation, if required,
- a cost model whereby the Trust makes no capital investment and pays no ongoing servicing /operational costs and the Trust is paid a fixed percentage of the savings or a flat annual fee,
- integration with the Trust's HV network and any future renewables,
- measurement and verification services to demonstrate performance of the battery storage solution and the associated savings achieved.

II.2.5. Award criteria

Quality criterion - Name: Technical solution and case studies / Weighting: 25

Quality criterion - Name: Risk management / Weighting: 15

Quality criterion - Name: Measurement and verification / Weighting: 15
