1.1. Buyer

Official name: EDF power solutions

Email: antonin.muller@edf-power.com

Legal type of the buyer: Public undertaking

Activity of the contracting entity: Electricity-related activities

2. Procedure

2.1. Procedure

Title: Energy storage – Multi-attributed framework agreement for the supply and, where applicable, the operation and maintenance (O&M) of Lithium Iron Phosphate (LFP) battery energy storage systems (BESS).

Description: Energy storage –Multi-attributed framework agreement for the supply and, if applicable, the operation and maintenance of Lithium Iron Phosphate battery energy storage systems, for a duration of 2 years renewable 4 times (up to a maximum duration of 8 years) and a volume of approximately 25 GWh.

Procedure identifier: 835d46d7-701d-4362-9583-81d78071e301

Internal identifier: AVIS020792

Type of procedure: Negotiated with prior publication of a call for competition / competitive with negotiation

The procedure is accelerated: no

Main features of the procedure: This consultation is a negotiated procedure carried out in accordance with Article L. 2124-3 and Articles R. 2124-4 as well as Articles R. 2161-21 and following of the CCP, with a limitation on the number of candidates allowed to submit bids, in accordance with the provisions of Articles R. 2142-15, R. 2142-16, and R. 2142-18 of the CCP (pre-selection phase governed by this public notice under section 5.1.9 Selection criteria) - EDF power solutions reserves the right to award the contract based on the initial offer(s) without negotiation (Article R. 2161-23 of the CCP).

2.1.1. Purpose

Main nature of the contract: Supplies

Main classification (cpv): 31440000 Batteries

Additional classification (cpv): 31155000 Inverters, 31213200 Distribution transformers, 65320000 Operation of electrical installations

2.1.2. Place of performance

Anywhere

2.1.4. General information

Additional information: Modalities for applications: To respond to this notice, candidates must register on the EDF Purchasing Portal at <https://pha2.edf.com>. For any request for information, please refer to the messaging dedicated to NOTICE No. 020792 via the internal identifier and attach the requested documents. Interested candidates who are not yet registered can self-register from the homepage of this portal. No submissions by email are allowed. Applications in Groups: EDF power solutions accepts joint or solidarity groups of companies. A document titled "STATEMENT OF GROUP OF OPERATORS" is available in the dedicated suppliers' collaborative space on the Purchasing Portal. In the case of a group, one of the group members is designated as the representative. This representative is jointly liable for the execution of the contract in relation to EDF power solutions for the obligations of each group member. Candidates are not allowed to submit applications acting both as individual candidates and as members of one or more groups, or as members of multiple groups. The composition of the group cannot be modified except under the conditions provided for in Article R2142-26 of the CCP. As part of the digitization of its procedures, EDF power solutions informs all bidders that electronic signature of contracts is preferred, whether they are awarded to a single company or to a group of companies. In accordance with European regulations relating to foreign subsidies distorting the internal market, notably Regulation (EU) 2022/2560 of December 14, 2022, and Implementing Regulation (EU) 2023/1441 of July 10, 2023, candidates are subject to a notification obligation as provided for in Article 29 of Regulation 2022/2560. To this end, the "FS-PP form relating to the notification of financial contributions in the context of public procurement procedures or concessions under Regulation (EU) 2022/2560" must be completed for this contract. The form is available on the site <https://pha2.edf.com>. It must be completed for the first time upon submission of the application and then updated at the time of the offer submission. It is reminded that in the absence of communication of notification or declaration to the Commission, and in the absence of regularization, EDF power solutions will be required to reject the offer, which will be considered incomplete and therefore irregular, and to inform the Commission of this rejection. Questions regarding the proper completion of the form can be directly addressed to the specific service of the European Commission at the following email address: grow-fsr-pp-notifications@ec.europa.eu.

Legal basis:

Directive 2014/25/EU

2.1.6. Grounds for exclusion

Sources of grounds for exclusion: Notice

Purely national exclusion grounds: The following candidates are not allowed to submit bids: 1) Those who have, in the past 5 years, been convicted by a final decision for any of the offenses under articles 222-34 to 222-40, 225-41, 225-47, 313-1, 313-3, 314-1, 324-1, 324-5, 324-6, 421-1 to 421-24, 421-5, 432-10, 432-11, 432-12 to 432-16, 433-1, 433-2, 434-9, 434-91, 435-3, 435-4, 435-9, 435-10, 441-1 to 441-7, 441-9, 445-1 to 445-21 or 450-1 of the French Penal Code, articles 1741 to 1743, 1746 or 1747 of the French General Tax Code; 2) Those who have, in the past 3 years, been convicted by a final decision recorded in report no. 2 of the criminal record bureau for any of the offenses under articles L. 822-11, L. 822-13, L. 822-15, L. 823-11, L. 824-11, L. 825-11 and L. 825-12 of the French Labour Code, or for any of the offenses under article L. 114-61 of the same Code and article 225-1 of the French Penal Code. 3) Those who, on December 31 of the year preceding the year in which the tender is issued, have not fulfilled their obligations related to the negotiation obligation provided for in article L. 224-21, 2° of the French Labour Code; as well as those who have, in the past 3 years, been convicted by a final decision for the offense mentioned in article 131-39, 5° of the French Penal Code; 4) Those subject to judicial liquidation procedures provided for in article L.

640-1 of the French Commercial Code, individuals whose personal bankruptcy has been pronounced under articles L. 653-1 to L. 653-8 of the same Code, or those subject to judicial administration procedures provided for in article L. 631-1 of the French Commercial Code, as well as those subject to equivalent procedures under foreign legislation. However, candidates admitted to judicial administration procedures provided for in article L. 631-1 of the French Commercial Code or equivalent procedures under foreign legislation that can prove they have been authorized to continue their activities during the foreseeable duration of the contract are considered eligible. 5) Those who have not fulfilled their obligations regarding tax declarations and social security or have not paid the due taxes and contributions. However, candidates are considered eligible if they had not paid the various due amounts or provided guarantees before the date on which the contracting authority determines the candidates' eligibility, but had, without any enforcement measures taken by the accountant or the responsible recovery agency, either paid the said amounts or provided guarantees deemed sufficient by the accountant or the responsible recovery agency. 6) Those who have been subject to a measure of exclusion from administrative contracts under an administrative decision made in application of article L. 827-24 of the French Labour Code. In accordance with regulations regarding due diligence and national or local legislations related to the fight against corruption, money laundering, and the financing of terrorism applicable to business relations with the EDF power solutions group, each candidate must declare and sign a commitment regarding compliance requirements (declaration accessible on the Purchasing portal at the time of application). To prove that the bidder is not in any of the situations mentioned in points 1) to 6) above, or in any case mentioned in articles L. 2141-1 to L. 2141-5 (automatic exclusions) and articles L. 2141-7, L. 2141-8 and following of the CCP, the bidder must provide a sworn statement, dated and signed by a duly authorized representative of the bidder. For the situations mentioned in point 4) above, the bidder must also provide certificates issued by the competent authorities and bodies. These conditions apply to the bidder and to each member of a group wishing to bid as a single candidate. This declaration must be produced by individual candidates and by each member of a candidate grouping and, where applicable, by the presented subcontractors. Each candidate must certify that they are not in one of the cases provided for by Regulation n° 2022/576 of April 8, 2022, of the Council of the European Union regarding restrictive measures regarding Russia's actions destabilizing the situation in Ukraine.

5. Lot

5.1. Lot: LOT-0001

Title: Energy storage – Multi-attributed framework agreement for the supply and, where applicable, the operation and maintenance (O&M) of Lithium Iron Phosphate (LFP) battery energy storage systems (BESS).

Description: Energy storage – Framework agreement with multiple suppliers for the supply and, if applicable, the operation and maintenance of Lithium Iron Phosphate battery energy storage systems, for a duration of 2 years renewable 4 times (up to a maximum duration of 8 years) and a volume of approximately 25 GWh.

Internal identifier: LOT UNIQUE

5.1.1. Purpose

Main nature of the contract: Supplies

Main classification (cpv): 31440000 Batteries

Additional classification (cpv): 31155000 Inverters, 31213200 Distribution transformers,

65320000 Operation of electrical installations

5.1.2. Place of performance

Anywhere

5.1.3. Estimated duration

Duration: 2 Years

5.1.4. Renewal

Maximum renewals: 4

Other information about renewals: Renewable 4 x 2 years

5.1.6. General information

Reserved participation:

Participation is not reserved.

The procurement is covered by the Government Procurement Agreement (GPA): yes

5.1.9. Selection criteria

Sources of selection criteria: Notice

Criterion: Enrolment in a trade register

Description of selection criterion: Ability to exercise professional activity Each candidate must attach to their application the declarations provided in section 2.1.6. Each candidate must also provide their unique identification number (SIREN) issued by INSEE, or, if unavailable, an equivalent document allowing for the identification of the candidate (if EDF power solutions does not request identification information elsewhere in the purchasing portal). This number must be provided by individual candidates and by each member of a candidate grouping. Each candidate must provide an extract of registration in the Trade and Companies Register (Kbis form or registration form) dated less than 3 months before the deadline for this call for tenders; or a certificate of filing of the completed declaration with a business registration center for legal or natural persons in the process of registration. Each candidate must provide a document indicating the identity and address of the bidder or, if applicable, the contact details of their tax representative in France.

The criteria will be used to select the candidates to be invited for the second stage of the procedure

Criterion: Other economic or financial requirements

Description of selection criterion: Economic and financial capacity The candidate must attach to their application the following documents and information (In the case of a joint application, each of the required documents below must be submitted by each member of the group): - The tenderer shall provide audited financial annual reports (balance sheet, income statement, cashflow statement and notes) of the last 3 years specifying turnover, EBIT, and number of employees in total - The tenderer shall provide a rating of an independent rating agency, whose rating is based on relevant European standards or equivalent criteria. The minimum investment rate required for 2024 is BBB-. If a rating is issued by S&P, Fitch, or Moody's, it will prevail. Otherwise, an internal assessment will be conducted based on the financial statements. - Where applicable, the tenderer shall provide an appropriate declaration from banks or proof of insurance for professional risks. - Where applicable, the tenderer shall provide a description of the nature of the financial link between the subsidiary and the parent company, and the relationship of belonging to a specific group. If, for a justified reason, the candidate is unable to provide the requested information and documents, they are allowed to

prove their economic and financial capacity by any other means deemed appropriate and to provide equivalent supporting documents. All financial documents must be certified by the competent legal entities of the Tenderer's country or by a third party audit
The criteria will be used to select the candidates to be invited for the second stage of the procedure

Criterion: Measures for ensuring quality

Description of selection criterion: Description : Technical and professional capacity The candidate must: - have technical skills in the field of LFP batteries, BESS, and O&M. - have a quality management system based on the NF EN ISO 9001 (2015 version) standard or equivalent. The candidate must provide the ISO 9001 (2015 version) certificate or equivalent. - have established and maintained an environmental management system in accordance with the ISO 14001 (2015 version) standard or equivalent. The candidate must provide the ISO 14001 (2015 version) certificate or equivalent. - have established and maintained an occupational health and safety management system in accordance with the ISO 45001 (2018 version) standard or equivalent. The candidate must provide the ISO 45001 (2018 version) certificate or equivalent. For any equivalence of an ISO standard, the candidate must provide proof of equivalence.

The criteria will be used to select the candidates to be invited for the second stage of the procedure

Criterion: Supply chain management

Description of selection criterion: The production capacity of the BESS must be equal to or greater than 15 GWh per year. The bidder must prove that it controls the manufacturing of this capacity, either by having the ability to produce in-house cells, modules and containers or by demonstrating that it has long-term supply contracts for cells, modules and containers for this given capacity. The BESS track record for 2024 and 2025 in operational projects outside the domestic market of the parent company must be equal to or greater than 300 MWh.

The criteria will be used to select the candidates to be invited for the second stage of the procedure

Criterion: Environmental management measures

Description of selection criterion: Commitment to respect Human Rights : - The Candidate must provide a Human Rights Policy, Business Code of Conduct, or any other publicly available statement in which it commits to : (1) Prohibit child and forced labor; (2) Fight against discriminations and harassment; (3) Guarantee freedom of association of the employees and collective negotiation; (4) Guarantee decent working conditions, wages and working hours; (5) Guarantee freedom of movement of the employees; in its own supply chain. - The Candidate must provide a Responsible Procurement Policy, or any other document publicly available or signed by the Company's Top Management, in which it commits to make its best effort to have the above commitments applied by its suppliers and/or subcontractors.

The criteria will be used to select the candidates to be invited for the second stage of the procedure

Criterion: Relevant educational and professional qualifications

Description of selection criterion: The candidate certifies having an in-house human resources capable to communicate, write and work in English and/or French language

The criteria will be used to select the candidates to be invited for the second stage of the procedure

Information about the second stage of a two-stage procedure:

The procedure will take place in successive stages. At each stage, some participants may be eliminated
